DESCRIBE THIS USE OF FORCE:

Force warning was given by the sound truck.

I developed P/C to arrest subject for Disorderly conduct II and Interfering with law enforcement. As he was walking away from us (police) I placed my right hand on his back and told him he was under arrest. He then began to twist, turn and thrash around in an effort to break away from me. I briefly had a hold of the sweatshirt trying to hold onto him as he was thrashing around.

I told the subject to stop resisting and that he was under arrest. The subject was able to spin around and shove me backwards while breaking free from me. I stumbled backwards and lost my grip on him.

My only force application was when I held onto him while he was thrashing around trying to break my grip.

YES — WHEN THE RESISTANCE DECREASED, I REDUCED MY AMOUNT OF FORCE TO A LEVEL REASONABLY CALCULATED TO MAINTAIN CONTROL.

DESCRIBE WHY OTHER FORCE OPTIONS WERE REASONABLY CONSIDERED BUT NOT USED:

I considered other force tools however a hands on approach was the most necessary and the least amount of force option I had.

GENERAL DESCRIPTION OF THE FORCE YOU OBSERVED OTHER OFFICERS USE:
