EXPLAIN

On said date and time I was assigned to the Rapid Response Team (RRT) Charlie Squad as a grenadier. This protest/ demonstration was directly related to the death of George Floyd. A march had occurred from North Portland (Peninsula Park) and traveled down MLK to SW 3rd and Main. Along the route of the march, numerous and on-going property damage had occurred. There was even a report of an assault with a firearm during the march. Once the march had reached downtown, the crowd surrounded the SW 3rd ave side of the Justice Center and began to break windows, enter the building and caused damage and started a fire(s) with some type of incendiary device. Unknown amount of civilian workers were inside of the building at this time. Through out the evening I engaged numerous unknown individuals with direct impact rounds (FN rounds) and to deter and stop property damage, looting and assaults from occurring.

This incident was deemed by the Portland Police Bureau first as an Unlawful Assembly then upgraded it as a Riot.

CASE # 2020-680495 | OFFICER Harris | DPSST 47653 | ☐ AMENDED

Per Lt. Robinson, I was ordered to deployed CS gas into crowd after the crowd broke and damaged windows, entered inside the building and started fire(s) with an incendiary device inside of the Justice Center. Civilians as well as officers were inside of the building at the time. Once exiting the building rocks, bottles and other unknown objects were being thrown at police officers. By this time, PPB announced the march as an unlawful assembly. Forced was used to protect, disperse and deter criminal behavior in order to protect police officers from injury.

DESCRIBE THIS USE OF FORCE:

Deployed FN rounds at subject who armed himself with an electric scooter and used object to break window at Pioneer Square. After subject broke window, began to walk towards police officers, but ran off.

YES — WHEN THE RESISTANCE DECREASED, I REDUCED MY AMOUNT OF FORCE TO A LEVEL REASONABLY CALCULATED TO MAINTAIN CONTROL.

DESCRIBE WHY OTHER FORCE OPTIONS WERE REASONABLY CONSIDERED BUT NOT USED:

#1. CS gas has a wide range of effectiveness. It disperses quickly and covers a large amount of space. At the time of the incident, this was the only option to use in order to create a significant distance between police and protesters in order to provide safety.

#2. At the time of the incident, this was the only option to use in order to create a significant distance between police and protesters in order to provide safety

#3. At the time of the incident, this was the only option to use in order to create a significant distance between police and protesters in order to provide safety.

#4. At the time of the incident, this was the only option to use in order to create a significant distance between police and protesters in order to provide safety.

#5. At the time of the incident, this was the only option to use in order to create a significant distance between police and protesters in order to provide safety.

#6. At the time of the incident, this was the only option to use in order to create a significant distance between police and protesters in order to provide safety.

GENERAL DESCRIPTION OF THE FORCE YOU OBSERVED OTHER OFFICERS USE:

None but I would assume other grenadiers were using impact munitions and hand toss to disperse the crowd.
