EXPLAIN

I was assigned to Alpha Squad as a member of the Rapid Response Team. RRT was called upon to reduce vandalism, arson and unlawful assembly that was occurring at multiple locations in the North Portland area. RRT was tasked with displacing large crowds that were blocking city streets and throwing items at police.

LEGAL AUTHORITY FOR CONTACT

☐ REASONABLE SUSPICION ☐ WARRANT/JUDICIAL DECREE ☐ OTHER

☒ PROBABLE CAUSE ☐ CIVIL HOLD ☒ CIVIL UNREST

EXPLAIN

I had probable cause to arrest all subjects that I used force against. The crimes ranged from assault and arson to inferring with a police officer. The event was officially declared a civil disturbance and later a riot. I heard multiple announcements telling people to disperse. I deployed 40mm less lethal munitions when I thought it was appropriate to stop demonstrators from engaging in physical resistance against my fellow officers and I. I deployed OC pepper spray on two occasions when I observed demonstrators pushing members of my squad. The pepper spray I deployed was specifically targeted at these individuals who were aggressively resisting being moved out of the roadway by police.

I deployed one cannister of CS gas after the event was declared a riot. Prior to deploying the riot control gas my squad and I were being pelted by rocks, bottles, and launchable fireworks. The demonstrators had ignited multiple fires in the roadway prior to the deployment of the CS gas. I deployed CS gas through a coordinated effort with other grenadiers to maximize the effectiveness and end the dangerous disturbance as quickly as possible.

EXPLAIN

I deployed six 40mm less lethal marking rounds to prevent demonstrators from assaulting and throwing items at my squad. Demonstrators were throwing items at police, blocking traffic and refusing to disperse. I observed multiple projectiles being thrown in my direction from the demonstrators. I observed several demonstrators push back against members of my squad when ushered to move along. I observed multiple subjects actively set a dumpster on fire in the middle of N Lombard St and use it as a shield from police.

I observed multiple items including rocks, bottles, and metal cannisters being thrown toward me and my squad. I was hit in the legs with multiple items while standing in front of the crowd. My location rapidly changed due to the constant movement of the demonstrators and my squad. My deployments of 40mm less lethal marking rounds, OC spray, and CS gas were made to protect myself and fellow RRT members.

Near the area of N Lombard St / N Fenwick Ave I deployed six cannisters of launchable smoke during the event to disperse the crowd. I launched the smoke into a safe area to the East of the crowd. All cannisters deployed properly and I observed no injuries.

The street near the area of N Lombard St/ N Campbell Ave was crowded with demonstrators blocking traffic with improvised roadblock barriers. My squad responded to assist other squads who were being pelted with bottles and rocks. Our intention was to clear everyone out of the street and remove the barricades that had been erected in the roadway. I observed a white male subject wearing all black throw a clear bottle at my squad hitting a member in the chest. I deployed one 40mm less lethal marking round at the subject and struck him in the right leg. The subject retreated to the East. The deployment was effective and I did not see the subject again. I observed no injuries as a result of my deployment.

DESCRIBE THIS USE OF FORCE:

In the area of N Lombard St/ N Fenwick Ave RRT squads were moving demonstrators to the East. I observed members of my squad pushing against a group of demonstrators who refused to move. I observed two of the demonstrators who were both white males in their early twenties actively resist against the efforts of my squad members to move them. I observed one of the subjects shove a cardboard sign into the face of an unknown RRT line officer. I observed both demonstrators plant their feet and try to leverage their weight against the officers who were trying to move them to the East. I deployed two separate one second bursts of OC spray in an effort to get the demonstrators to stop fighting and pushing back against police. Both demonstrators were wearing lab style goggles and I believe their eyes were minimally effected. The OC spray did make them stop pushing against the line officers and move to the East deeper into the large crowd of other demonstrators. I observed no injuries and the deployment of OC spray was effective.

DESCRIBE THIS USE OF FORCE:

Near the area of N Lombard St/ N Fenwick Ave I deployed one 40mm less lethal lethal marking round at a white male subject wearing all black who was reaching into a dumpster fire attempting to light something in his hand. I believe his intentions were to either throw a flaming object at police or further commit the crime of arson. The less lethal round struck the subject in the buttocks and caused him to stop what he was doing and run away to the East. The deployment was effective in deterring this subject from continuing his actions. I observed no injuries as a result of my 40mm deployment.

Near the area of N Lombard St/ N Fenwick Ave I deployed one 40mm less lethal lethal marking round at a white male subject wearing all black who was adding items into a fire that was burning in the roadway. I struck a metal barrel that the subject was standing behind with a 40mm marking round. This got the subjects attention even though I don't believe he was impacted by the round. The deployment was effective and I observed the subject run away to the East. I observed no injuries to the subject.

Near the area of N Lombard St/ N Concord Ave I deployed one 40mm less lethal marking round at a white male subject wearing all black. RRT was attempting to leave the area and some smoke cannisters were deployed to help facilitate our safe exit. I observed the subject advance toward my squad as we were walking backwards toward our vehicle. I observed the subject run toward us with what appeared to be metal cannister and kick it at my squad. I deployed one less lethal marking round which struck in the subject in the left leg. I did not see where the subject went after this. The deployment was effective and I did not see the subject again. I did not observe any injuries.

DESCRIBE THIS USE OF FORCE:

Near the area of N Lombard St/ N Fenwick Ave RRT was tasked with moving aggressive demonstrators to East. My Squad initiated a dynamic clearing of the roadway and sidewalks on Lombard St. While moving the the crowd to the East a white male subject approximately 30 years old took an aggressive posture refused to remove himself from the roadway. I grabbed on to the subject and initiated a one handed push to his back moving him to the East. The male subject remained on his feet and said something to the effect of "I'm just trying to make sure everyone gets out". I observed no injuries to the subject. I later observed the male subject intermingled in the crowd continuing to participate in the unlawful assembly.

Near the area of N Lombard St/ N Concord Ave demonstrators were extremely violent. I observed several items being thrown at police including bottles, full beer cans and launchable fireworks. The event was declared a riot and multiple warnings had been given over the sound truck. Every time RRT would push the crowd to the East they always reproached while throwing items. I observed an officer get hit in the shoulder with a rock the size of a softball. Direction was given to use CS gas to get the crowd to back away and leave the area.

I deployed one triple chaser cannister of CS gas in unison with multiple other grenadiers. The cannister deployed properly and was a safe distance from demonstrators. The CS dispersed the crowd and no further force was needed as a result at that time.
