On the listed date, I was assigned to RRT during a protest which had been declared an unlawful assembly due to criminal activity by members of the crowd. Some individuals were throwing projectiles at officers to include paint balloons, rocks, food cans, beer cans and glass bottles. At some point, an officer was hit with a glass bottle in the head. Additionally, some members of the crowd were shinning green lasers and bright powerful lights at officers face to obstruct their view as projectiles were flying over. The crowd had been ordered to dispersed and provided clear order and travel direction by the sound truck. CHRONOLOGICAL USE OF FORCE

+ -	PHYSICAL RESIST	YES	CONTROL AGAINST RESISTANCE	HANDS	NO, EXPLAIN	YES

DESCRIBE THIS USE OF FORCE:

The demonstration was an unlawful assembly and the crowd members had been ordered to disperse. The involved subject was equipped with a powerful bright light which he was using to shine directly at officers faces to obstruct the officers view and created a hazardous environment as other members of the unlawful crowd were throwing multiple projectiles hitting officers. As officers entered the street and started clearing the road to the West, the subject continued flashing the bright light at my face and at the grenadiers face obstructing their view. Throughout the evening, the subject had engaged in the same behavior creating a safety risk for officers. Once we were in the area of 47th Ave, I was in a position close enough where I felt I could reach the subject. Officers developed a plan to rabbit into the crowd and take control of the subject to stop his behavior which was creating a safety hazard for officers. Once the opportunity presented itself, I rabbit out of the line with a cover officer behind. I ran directly towards the subject and took control of the flashlight. The subject engaged in physical resistance to try and prevent me from taking the flash light away from him; however, I managed to pull the flash light away from the subject. Other cover officers engaged other crowd members who were trying to assist the subject with the flash light. I moved back and I did not see where the involved subject left since the incident was fast and dynamic in nature.

YES WHEN THE RESISTANCE DECREASED, I REDUCED MY AMOUNT OF FORCE TO A LEVEL REASONABLY CALCULATED TO MAINTAIN CONTROL.

DESCRIBE WHY OTHER FORCE OPTIONS WERE REASONABLY CONSIDERED BUT NOT USED:

No other force options were required. I believed the use of a control hold was sufficient and least amount of force necessary to over come the subjects resistance.

GENERAL DESCRIPTION OF THE FORCE YOU OBSERVED OTHER OFFICERS USE:

I did not observed other officers use force on this individual.
