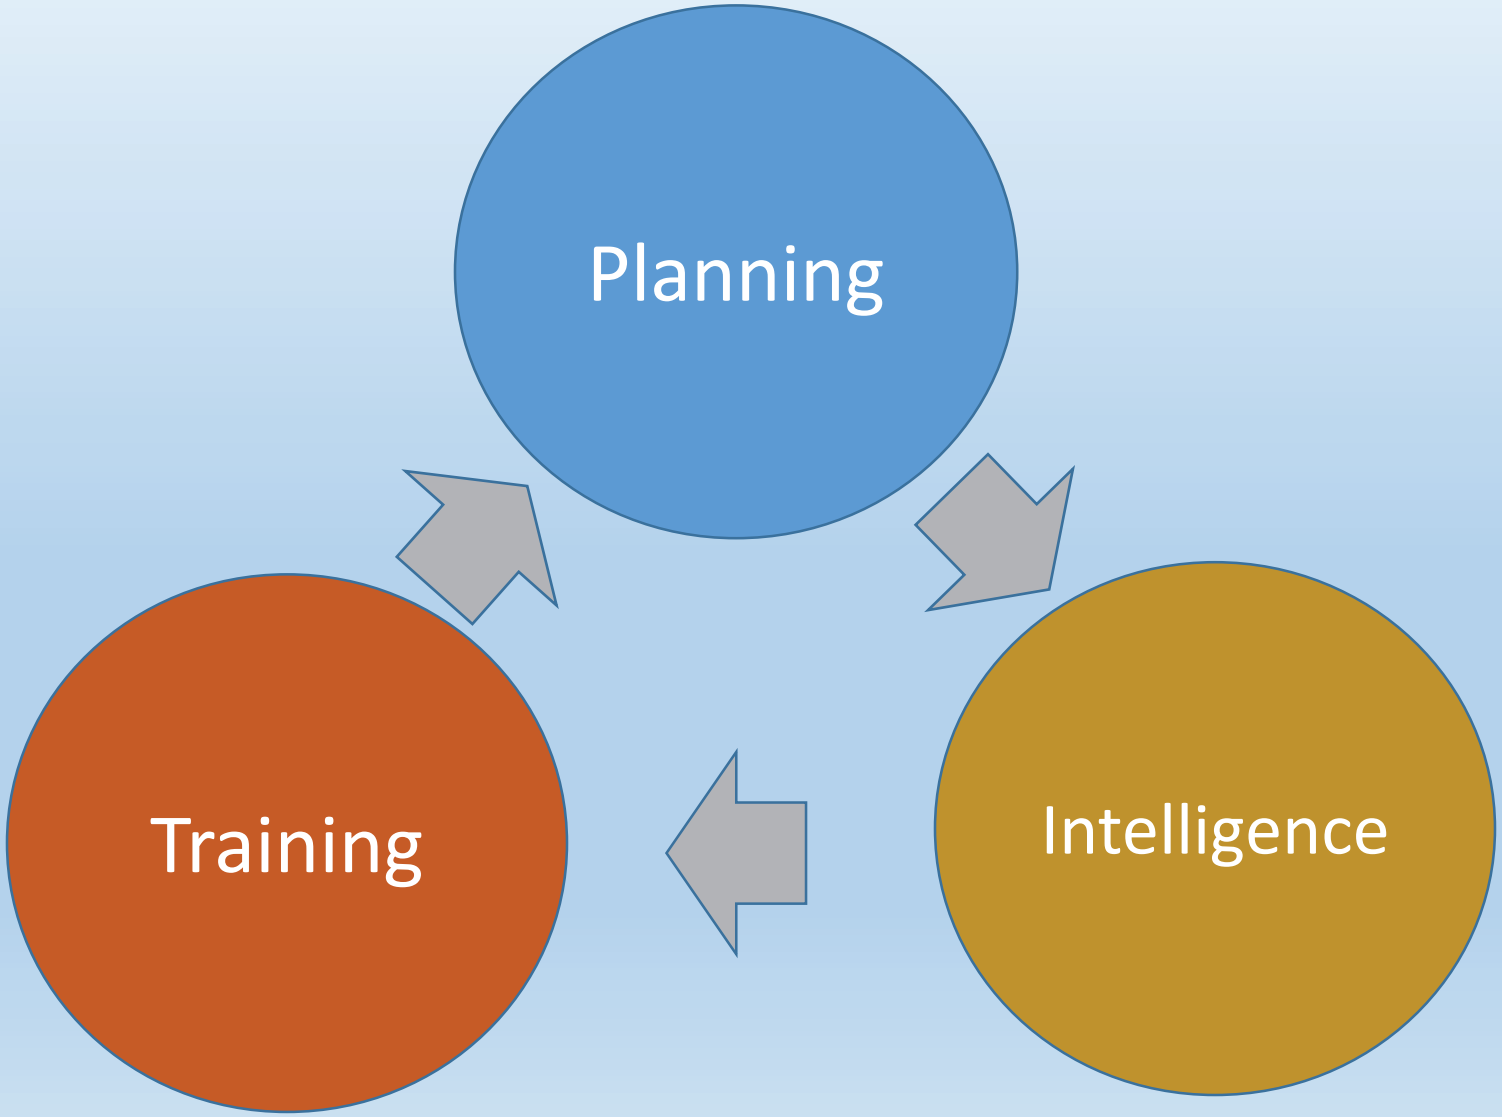
Module 6

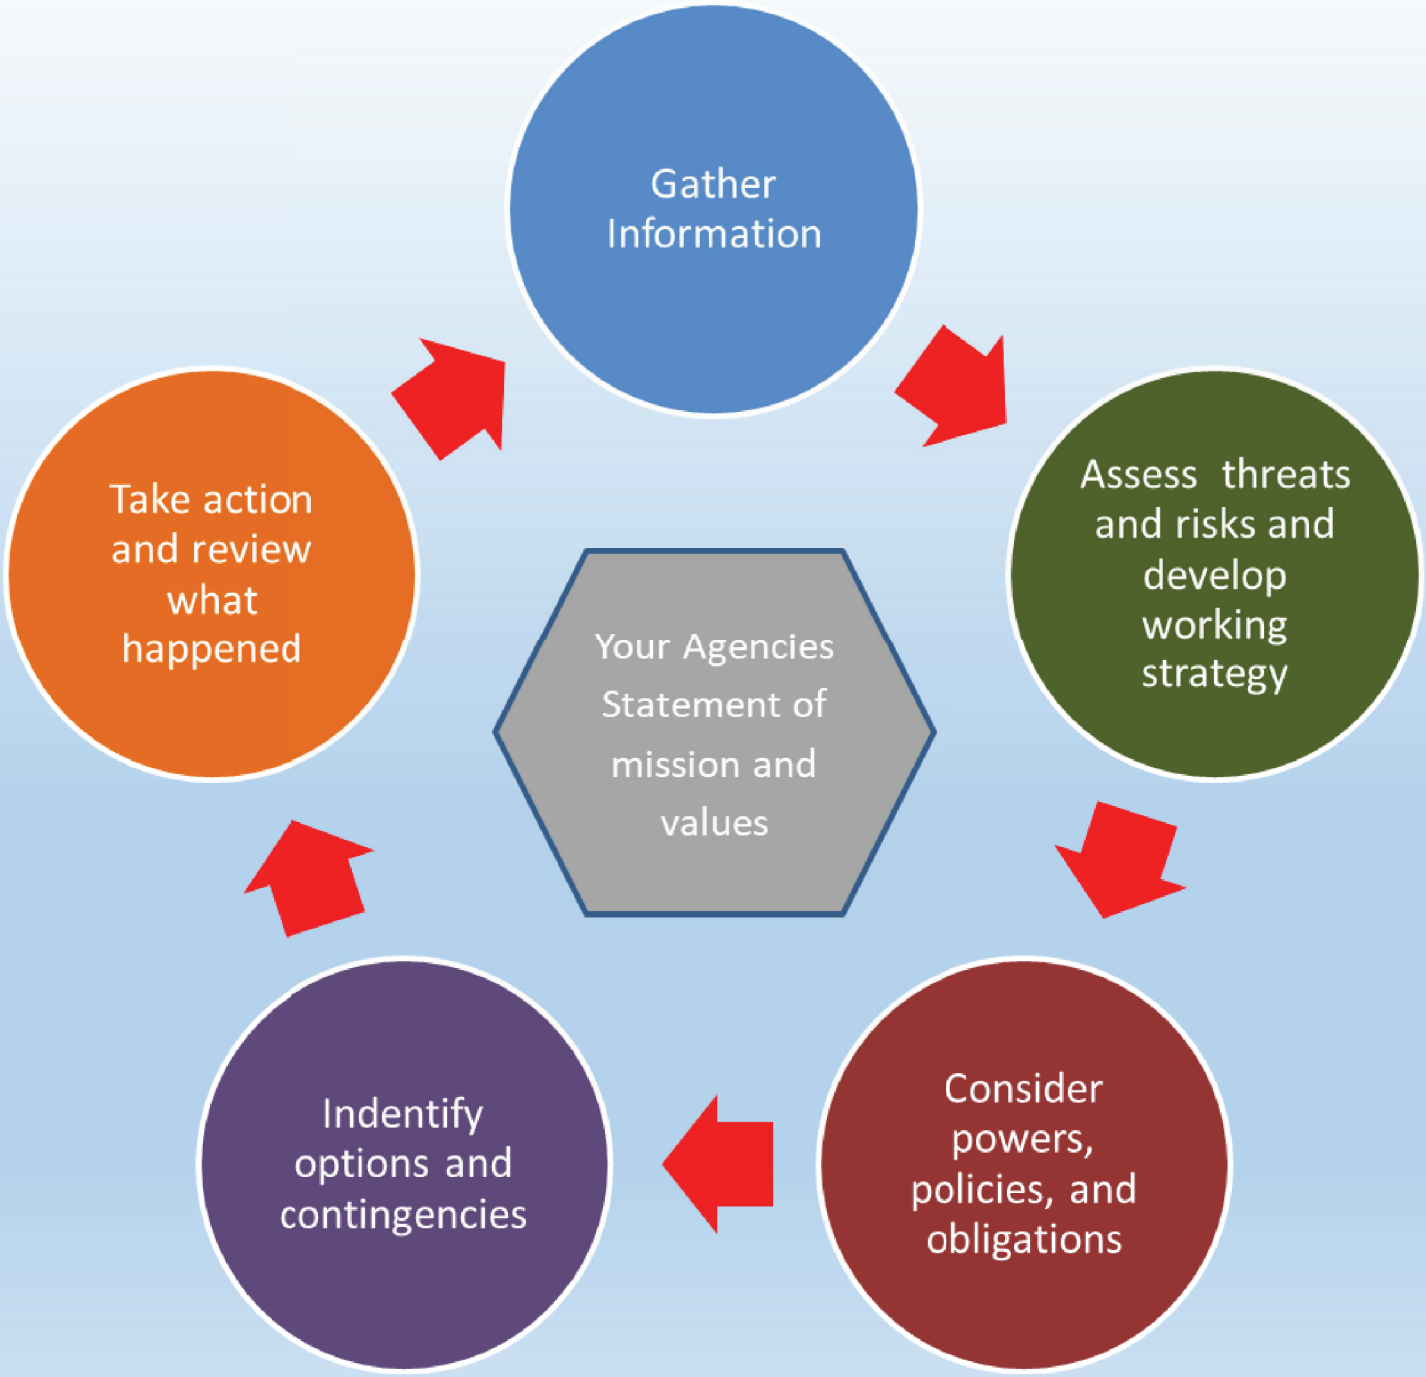
Planning Considerations

Objectives

- Summarize the how ICS functions within crowd management
- Discuss the important elements and considerations when planning for an event

3 critical elements for successful events





Gather Information
Assess threats and risks and develop working strategy
Consider powers, policies, and obligations
Indentify options and contingencies
Take action and review what happened
Your Agencies Statement of mission and values

Things to consider during planning

Gather Basic Event Information:

Permit number:

Event Leader (Name /Organization/Contact Information):

Person-In-Charge:

Lead Peacekeeper:

Purpose of event:

Gather Basic Event Information:

- *Location of event:*
- *Route of the event:*
- *Date/Time of event:*
- *Organizations involved:*
- *Number Participants expected:*

Events Considerations

- *What is the past history of this event?*
- *Will the organizer communicate with us?*
- *Will the event coincide with other routine, large scale events (e.g. sporting)?*
- *Is opposition to the event expected?*

Events Considerations

- *What actions or activities anticipated?*
- *What is the Likelihood of unlawful behavior?*
- *Are there identified participants who have conducted criminal behavior in past events?*

Events Considerations

- *Impact on vital infrastructure*
- *Is there a plan for excluding unwanted participants*
- *What is the tone of advertising for this event*
- *Have Expectations to obey laws and ordinances been shared with the group*

Events Considerations

- *Expectation that Person in Charge observe, communicate with and provide instruction to attendees…PPB secondary peacekeeping role*
- *Likelihood of threats to safety of public or officers.*
- *Likelihood of damage to property*

ents Considerations – Infrastructure Protectior

Critical Facilities

- Utilities
- Government
- Private

High Risk Locations

- Liquor stores
- Firearms dealers
- Explosives dealers
- Hazmat sites

Event Planning Reference Guide

1. Learning of an Event:

The planning process may begin with the:

- □ scheduling of a planned event
- □ Identification of a credible threat – via SEEMU, CIU or other Intelligence sources
- □ Initial response to an actual or impending incident

Gather Basic Event Information:

- *Permit number: (If there is a permit with the City of Portland, refer to the permit for the following information otherwise gather through other means).*
- *Event Leader (Name /Organization/Contact Information):*
- *Person-In-Charge:*
- *Lead Peacekeeper:*
- *Purpose of event:*
- *Location of event:*
- *Route of the event:*
- *Date/Time of event:*
- *Organizations involved:*
- *Number Participants expected:*

Upon the discovery of actionable Intel, the precinct commander in which the event is primarily set to take place will be notified.

2. Starting the Process

A. □ A/C of Operations has identified a CMIC

B. □ Incident Commander / Unified Command sets objectives and operational period

□ ICS 201 Form – Incident Briefing

Operational Period:	Date:	Time:
Incident Briefing:	Time:	Location:

Events Considerations

- *What is the past history of this event*
- *Will the event coincide with other routine, large scale events (e.g. sporting):*
- *Is opposition to the event expected:*
- *What actions or activities anticipated:*
- *What is the Likelihood of unlawful behavior:*
- *Are there identified participants who have conducted criminal behavior in past events*
- *What is the possible impact on vital infrastructure such as mass transit and interstate commerce*
- *Is there a plan for excluding unwanted participants*
- *What is the tone of advertising for this event in social media*
- *Have Expectations to obey laws and ordinances been shared with the group?(no obstruction of vehicular or pedestrian traffic/enable businesses to conduct business, observe private property, no physical force against each other (includes weapons), no damaging of property, harassing non participants)*
- *Expectation that Person in Charge observe, communicate with and provide instruction to attendees…PPB secondary peacekeeping role*
- *Likelihood of threats to safety of public or officers.*
- *Likelihood of damage to property*

Considerations for Planning and Preparedness for events

- Order and Organize resources based on objectives
- Develop plans and relationships with other agencies
- Provide time for training – (Special Events)
- Gather information
- Prepare for the event

Mass Arrest Considerations

Field Arrest

- Prisoner field processing
- Prisoner property
- Prisoner Transportation
- Sufficient field arrest teams
- Plainclothes arrest teams

Formal Arrest

- Location for processing
- Prisoner processing
- Case tracking
- DA involvement

Special Threat Considerations

- Injured officer / citizen rescue
- Firearm or weapon in the crowd
- Sniper
- Explosive or incendiary device
- WMD
- Barricaded or hostage situation
- Vehicle into crowd

Special Units

- Horses
- Hazmat
- Bicycle
- Canine
- Motorcycle
- Aircraft
- SERT / SWAT

Mutual Aid Considerations

- Identify:
  - Their capabilities
  - Compatible policies?
  - Staging areas
  - Mission assignments
  - Command and control
  - MOUs
  - Insurance and financial
  - Integration with ongoing ops

Emergency Declarations

- Who has authority to enact?
- What can be enacted?
  - Street closures
  - Curfews
  - Marshal Law

Large Scale events bring additional challenges

ditional considerations:

onfidentiality -	Who needs to know what?
tuation -	Do your guests have a grasp?
ission -	Do they understand?
xecution -	Can they accomplish it?
ommand and Control -	Are you really in charge?
dministration -	Who is keeping track of things?

Additional considerations

Deployment strategies

Warning orders

Arrest procedures

Roles

Food

- SOPs for rules of engagement
- Reimbursements
- Staging
- CPs locations
- Relief Procedures

Leaving an Audit Trail

- Recording:
  - What you did (your decision),
  - When you did it (date and time) and
  - Why (rationale)

Reporting Requirements

What needs to be recorded?

- Use of Force
- Arrests
- Witness U of F
- Injuries
- Damage to equipment
- Crimes
- After Action
- Rosters
- Overtime
- Intel
