Folks,

Pursuant to our conversation on Monday re: COCL's request for protest information, attached you will find a memo outlining the reasons why PPB is unable to fulfill the request by August 14th or any time in the near future. We will discuss this in greater detail on our call next Tuesday. However, I would ask if you have any specific questions for Lt. Simon or anyone at PPB that are not addressed in this document, that you forward those in advance so that members of PPB can be prepared to answer.

The other two attachments are related to Jonas' request for the daily Incident Command reports that are sent to the Chief and others in the CHO to summarize the events of the previous evening/morning. I would remind you that these were not intended for public consumption nor dissemination but rather as information for internal review and discussion. I would also ask for your indulgence with regard to typos or spelling/grammar errors. They are written at the end of what are often 12-15 hour stressful shifts.

If you have questions regarding any of these documents, please do not hesitate to contact me.

We look forward to talking to all of you next Tuesday.

Thanks.
