DIGITAL VIDEO OF RRT ALPHA SQUAD ACTIVIITES

Narrative:
On 6/2/20 at about 1915 hours, I was assigned to PPB RRT Alpha Squad. We responded to downtown Portland to a protest that was eventually deemed a Civil Disturbance event. I documented, via digital video, the squad's interactions with protesters in the downtown core area as they engaged in crowd management and crowd control activities.

I documented several interactions between the squad and protesters; however, I specifically was able to note that at about 2100 hours the squad interacted with protesters near SW Yamhill between 3 Avenue and 4 Avenue, and on 6/3/20 at 0015 hours the squad interacted with protesters at Pioneer Square.

I delivered the SD card containing the videos I captured to Criminalist Nebling. Criminalist Nebling uploaded the videos to two external hard drives for distribution.

For further on the disposition of the video refer to Criminalist Nebling's report.

SUBJECT
PROTEST - OPERATIONS SECTION CHIEF DAY 4

I was assigned as the Operations Section Chief for the protest in Portland for the George Floyd in-custody death. This was the 4th day for my assignment as the operations section chief of this multi-day protest. For this days operation we have 10 MFF's initially and 3 RRT squads.

A large 1000-2000 person protest gathering was inside Pioneer Courthouse Square when I took over. Additionally there was a 7000-8000 person protest gathering at the old Washington High School. These people from the old high school marched once again across the Burnside Bridge to meet up with the group at the the Square. This nearly 10,000 person group stayed at the square and was peaceful.

A group of nearly 500 black bloc moved on the fence perimeter around the north end of the exclusion zone. The sound truck provided warnings as additional units inside the fence came to support. The level of violence increased to the point projectiles were thrown at the officers. An annoucemnet calling this an unlawful assembly and a civil disturbance was crafted and provided by the sound truck. However, the officers began to take even more projectiles and began to use RCA's and other tactics to clear the protesters back. We informed them the peaceful protest at the square was staying there and we did not want the black bloc being pushed back there. During this, a second sound truck provided announcements to the peaceful crowd letting them know what was occurring a few blocks away.

The RRT and MFF squads began to push the crowd back, but stopped short so as not to push them into the peaceful protest.

A second engagement occurred and lasted longer. The peaceful protesters began to leave the area back over the Burnside Bridge which allowed the squads to move the protesters around the area without as much concern with the larger peaceful protests.

During this time, officers were pushing groups of people and making arrests when able. Barricades and other debris was thrown in the streets and some fires were lit. I attempted to calm the officers by slowing the tempo down to allow the FAT teams time to gather those arrested. I requested no more arrests and recalled RRT to gather additional munitions and water.

As the night progressed the black bloc seemed to dwindle in size but a new group emerged. A more party minded intoxicated group began to repeatedly attack officers near Pioneer Courthouse Square by throwing projectiles at them. A MFF had a custody at SW 6th / SW Yamhill St. and repeatedly had groups engage with them. Additional MFF and RRT arrived to move the crowd. The MFF officers told me there were several dozen protesters in and around the Square. They requested to clear the park and I had the sound truck move up and announce the park was closed and everyone had to leave. The MFF began the sweep and told me there were nearly 20 people sitting down wanting to be arrested. We were already not able to take anymore arrests so I asked them to speak with the those people and try to get them to leave peacefully. The MFF finished the sweep up to SW Broadway just as an RRT squad arrived to clear the violent people out of the street.

The RRT squad moved the crowd NB but it was apparent this crowd wanted to fight the police. The decision to pull back was made so as to disengage and see if we could remove ourselves to keep the group from being violent. All MFF and RRT squads returned to the Justice Center. Video showed the crowd was celebrating initially and began to loose some of the energy as time went on. The crowd dissipated over time since we were not engaged with them.

Resources were released back to their RU's. Shortly after the units were released, a call came in about those remaining out near SW 6th / Alder. Central patrol cars responded and were able to clear the rest of the people left, now freeing up the streets.

SUBJECT
PROTEST

While holding a perimeter position at SW 4th and SW Salmon St, I observed two separate intense situations, where pepper spray, CS gas and 40 mm less lethal launchers were used.

The first incident occurred when a large group of people approached the fence and started yelling and shaking the fence. Multiple commands were given to leave the fence alone or force may be used against them. When people continued to shake and push the fence I observed several officers deploy pepper spray. When pepper spray was deployed, people backed up for a small amount of time. Shortly after they backed up, people in the crowd started throwing water bottles and shooting fireworks at us. As soon as started throwing things at us, CS gas was deployed. I heard several 40 mm rounds deployed but I did not see who shot the 40 mm rounds or who they hit. Once gas was deployed, the crowd dispersed.

The second incident occurred about 45 minutes after the first incident. A very large group came up to the fence and started yelling and screaming. Protestors started to trespass on a balcony above us and commands were given to leave the area or force may be used. As I was watching the protestors I heard a couple pops and then the crowd started throwing watle bottles, smoke bombs, fireworks and eggs at us. At that point, CS gas was deployed and the crowd dispersed.

SOUND TRUCK 1

SGT T. Tackett, 44164, Supervisor and Announcer

OFC C. Kulp, 40730, Driver

OFC A. Bruner-Dehnert, 44735, Scribe

On June 2, 2020, the above listed personnel were assigned to Sound Truck 1 in support of the police response to the continuing Floyd protest. Sound Truck 1 (ST1) worked in conjunction with Sound Truck 2 (LT Hettman, OFC J. Brainard, and OFC J. Hubert) during this event. The times used in this report are estimated times based on my watch. During every announcement the Sound Truck was parked in a position angled to ensure the speaker was directed at a specific groups and within a distance of its sound projection capabilities. The main demonstration was one large group moving and gathering in unison for most the evening but it later developed into several small groups moving dynamically all over the downtown Portland when the primary demonstration was over. Announcements were made from both static locations and while mobile during the evening. ST1 made one hundred (100) announcements during this operational period, primarily in support of maintaining the street closures from SW 1st Av to SW 5th Av and SW Jefferson to SW Taylor St and dispersing crow

At 1700hrs ST1 reported to Central Precinct.

Around 2057hrs, as the main demonstration was going on, a separate group attempted to enter the fence of the closed off area. At SW 4th Av/Salmon, facing north, ST1 made the following announcement in support of MMF and RRT ensuring they did not enter the fencing. "This is the Portland Police Bureau. Do not interfere with the fencing. If you tamper with the fence or interfere with Police Officer instructions you will be subject to use of force. Stay back from the fence." From 2057hrs - 2100hrs this announcement was made six (6) times.

Around 2110hrs ST1 went to Pioneer Courthouse Square to notify the main peaceful demonstration to avoid the area of SW 4th/Taylor. The following announcement was made. "Please be advised, there is criminal activity at SW 4th Av/Taylor St. Please avoid this area. We appreciate your peaceful demonstration at Pioneer Courthouse Square." The crowd was overwhelmingly large so we remained at a safe distance and gave the announcement from several locations to ensure the maximum amount of people could hear the information.

SW Park Av/SW Yamhill, facing east, three (3) times

SW Park Av/Morrison, facing east, three (3) times

SW 6th Av/Alder, facing south, two (2) times. A smoke bomb was thrown at ST1 at this location so we departed.

SW 5th Av/Alder, facing south, two (2) times. A group began yelling "this cop's alone" while we were stationary at this location by ourselves to we immediately left.

As we left, eastbound on SW 5th Av, the announcement was made two (2) more times.

Around 2130hrs, ST1 made the following announcement in support of a MFF trying to leave an area where a group of protesters had gathered around them. "This is the Portland Police Bureau. This is an unlawful assembly. Leave the area now or you are subject to use of force. Back away from the officers." This announcement was made at the following locations.

SW 1st Av/Yamhill, nine (9) times

SW 1st Av/Taylor, three (3) times

Around 2145hr, the announcement was adjusted to state "This is the Portland Police Bureau. We have declared this an unlawful assembly. You must leave the area and back away from the officers. Failure to do so may result in force being used against you" This announcement was made two (2) times at SW 2nd Av/Salmon.

Around 2200hrs, a MFF was trying to extract a custody near a large group of protesters at Pioneer Courthouse Square. ST1 went to SW 5th Av/Taylor to facilitate their movement out of the area. Police were taking projectiles and the group was closing in on the MFF line. The same announcement above was made thirteen (13) times. As the group closed in, additional announcements of "Do not advance, stay back or force will be used against you. Stay back." was made three (3) times.

As the group was moved by MFF and RRT, the announcement was adjusted to state a specific direction. "This is the Portland Police Bureau. We have declared this an unlawful assembly. Leave to the north now. Failure to do so may result in force being used against you" This announcement was made at the following locations.

SW 5th Av/Taylor, facing north, two (2) times

SW 5th Av/Taylor, facing west, one (1) time

SW 4th Av/Jefferson, facing north, three (3) times

Around 2330hrs, protesters were throwing projectiles at the MFF along the inner fence. ST1 made the following announcement. "This is the Portland Police Bureau. This event is an unlawful assembly. Leave the area now to the north or be subject to use of force to include riot control agents and impact munitions." This announcement was made at the following locations.

SW 5th Av/Taylor, facing east, six (6) times

SW 4th Av/Taylor, facing north, three (3) times

ST1 remained with the RRT squads as they dispersed the smaller protest groups and continued making the same announcement.

Driving northbound along SW 4th Ave at the intersections of Taylor, Yamhill, Morrison, Alder, Washington and Harvey Milk, six (6) times

Driving west on SW Washington, one (1) time

SW 5th Av/Stark, two (2) times

Around 2340hrs, the following adjustment was made to the announcement. "People are throwing projectiles at officers. This is an unlawful assembly. Leave the area or you will be subject to use of force." This announcement was made at the following locations.

SW 5th Av/Alder to Morrison, two (2) times

SW 4th Av/Morrison, one (1) time

At 2343hrs, ST1 got a flat right front tire due to running over a large metal object near Pioneer Square that was embedded into the tire. ST1 returned to SW 1st/Jefferson to change the tire.

Around 0013hrs, ST1 returned to assist in dispersing the protest groups still downtown. For about 10 minutes, the following announcement was made at the listed locations. "This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to use of force to include riot control agency and impact munitions."

SW 6th Av/Main to Taylor, three (3) times

SW Broadway/Taylor, three (3) times

SW 10th Av/Yamhill, one (1) time

SW 9th Av/Alder, one (1) time

SW 6th Av/Alder, one (1) time

SW 1st Av/Alder, one (1) time

SW 3rd Av/Taylor, one (1) time

SW 4th Av/Yamhill, one (1) time

Around 0025hrs, the announcement was adjusted to be directed at a large group in Pioneer Court-house Square. "This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Pioneer Courthouse Square is closed. You must leave now or you will be subject to force." This announcement was made at the following locations.

SW Broadway/Yamhill, one (1) time

SW 6th Av/Yamhill, two (2) times.

While making these announcements, we could hear ST2 on the opposite side of Pioneer Square making similar announcements.

The announcement was then adjusted to include "arrest" as MFF and RRT dispersed the group. "This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Pioneer Courthouse Square is closed. You must leave now or you will be subject to arrest or use of force." This announcement was made at the following locations ending around 0030hrs.

SW 6th Av/Yamhill, angled into Pioneer Square, six (6) times

SW 5th Av/Morrison, two (2) times

SW 5th Av/Alder, two (2) times

SW 5th Av/Washington, one (1) time

ST1 did not make any additional announcements after 0035hrs during this operational perio

SUBJECT
FORCE WITNESS DURING PROTEST

On 06/03/2020 I served as a supervisor of a MFF deployed to the downtown area related to protest activity after the death of George Floyd in Minneapolis. Temporary fencing had been erected around the area from SW 1st to SW 4th Ave and SW Salmon St to SW Jefferson St. My squad was tasked with monitoring perimeter positions. This used about half my squad and I took the other half of my squad to help address hot spots.

At about 2130 my team and I went to SW 4th / Salmon. A group of protesters approached the fence. Many in the group were wearing all black, masks, and backpacks that appeared weighted down with heavy objects. The sound truck provided admonishments to not tamper or interfere with the fence or they could be subject to arrest or force including riot control agents and impact munitions. I could hear these commands loud and clear a few feet from the protesters. Subjects began approaching the fence. I observed Officer Sam Wuthrich deploy OC spray against several protesters who had linked arms and were hiding behind umbrellas while they tried to kick the fence over. Many other subjects began attempting to damage, disable, or knock over the fence. Others began throwing water bottles, glass bottles, and other bottles over the fence at the police. I observed several unidentified officers deploy 40 mm less lethal rounds toward aggressors. I observed several other unidentified officers using OC spray against protesters. I observed an MCSO RRT member deploy about 3 rubber ball distraction devices under the fence. I observed RRT deploying gas into the rioters. I observed some of those rioters trying to throw back the munitions. The crowd dispersed and moved to SW 3rd Ave / SW Salmon St.

My team moved to SW 3rd Ave / SW Salmon St to assist. We deployed with other squads in a skirmish line. Members of the crowd tried to push a small dumpster toward the fenceline in an apparent attempt to disable the fence or knock it down on top of officers. I witnessed several unidentified officers using impact munitions against subjects pushing the dumpster, I believe both FN and 40mm. Other persons were trying to shield the people behind the dumpster with their bodies. The impact munitions appeared to stop their advance. The crowd formed in around the dumpster and this group eventually dispersed without further force.

About a half hour later a group reformed and again came to SW 4th Ave / SW Salmon St. The sound truck repeated their earlier force warning regarding the fence. My group served as part of the skirmish line across 4th Ave. The crowd chanted repeatedly. A black female about 25 years old with dreadlocks in a ponytail appeared to be their leader. She stated that if the police would kneel they would leave. Their chants became increasingly anti police from there including "all

cops are bastards" and references to killing police. A small crowd gathered on the top of the Standard Insurance Parking area. Someone in that area began throwing projectiles that someone identified as batteries over the radio. Unidentified officers used pava rounds in that area. Members of the crowd began throwing all manner of projectiles including glass bottles, water bottles (full), milk jugs (full), large bolts, and sundry other things. I later observed my shoes were covered in gold glitter and glue. I observed unidentified Officers using impact munitions and gas. The crowd moved away from the area and was engaged by other units.

I used no force. Searching for and contacting witnesses was not feasible due to the ongoing civil disturbance and anti-police crowd. I do not have firsthand knowledge of any mental health symptoms or diagnoses of any force recipients.

SOUND TRUCK 2 ANNOUCEMENTS 6/2

Ofc. Hubert #28376, driver

Lt. Hettman #47718, announcer

I was assigned as the scribe in Sound Truck 2 for the protest events on June 2nd, 2020. The following is an approximate transcript to the best of my abilities of the admonishments broadcast as well as their times and locations.

2109-2114 hours, SW 4th/Salmon

"This is the Portland Police Bureau. Do not interfere with the fencing. If you tamper with the fencing or fail to obey officer instructions you will be subject to uses of force to include impact munitions and riot control agents. Move back now." (broadcast 7 times).

2115 hours, SW 4th/Salmon

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast 5 times).

2134 hours, SW 3rd/Salmon

"This is the Portland Police Bureau. Do not interfere with the fencing. If you tamper with the fencing or fail to obey officer instructions you will be subject to uses of force to include impact munitions and riot control agents. Stay back." (broadcast twice).

2138-2140 hours, SW 3rd/Salmon

"This is the Portland Police Bureau. Do not interfere with the fencing. If you tamper with the fencing or fail to obey officer instructions you will be subject to uses of force to include impact munitions and riot control agents. Stay back." (broadcast 4 times).

2142 hours, SW 3rd/Salmon

"This is the Portland Police Bureau. Do not interfere with the fencing. If you tamper with the fencing or fail to obey officer instructions you will be subject to uses of force to include impact munitions and riot control agents. Stay back." (broadcast 4 times).

2207 hours, SW 3rd/Salmon

"This is the Portland Police Bureau. Officer have observed people throwing projectiles at police. Anyone who is involved in criminal behavior including throwing of objects will be subject to force up to and including impact munitions and chemical agents." (broadcast twice).

2209 hours, SW 4th/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast 4 times).

2213 hours, SW 5th/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast twice).

2215 hours, SW 5th/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast 3 times).

2216 hours, SW 6th/Yamhill

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast twice).

2219 hours, SW 6th/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now."

2220 hours, SW 4th/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now."

2307 hours, SW 4th/Taylor

"This is the Portland Police Bureau. Do not interfere with the fencing. If you tamper with the fencing or fail to obey officer instructions you will be subject to uses of force to include impact munitions and riot control agents. Stay back." (broadcast 3 times). People from the crowd started yelling, "Shut the fuck up"

2330 hours, SW 4th/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast 5 times).

2339 hours, SW 2nd/Taylor

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now."

2340 hours, SW 3rd/Morrison

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast 4 times).

2341 hours, SW 4th/Alder

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now."

2342 hours, SW 4th/Morrison

"This is the Portland Police Bureau. This is a civil disturbance and we have declared an unlawful assembly. Leave the area now or you will be subject to uses of force, to include riot control agents and impact munitions. Leave now." (broadcast 4 times).

2344 hours, SW 6th/Morrison

SUBJECT
TAKING OF PROTEST EQUIPMENT

I was assigned to Mobile Field Force for the protests downtown. While waiting at SW 1st Ave / SW Taylor St at about 2145 I spotted three people walking northbound on NE 1st Ave approaching SW Taylor. It appeared to be three females. All three were wearing helmets, goggles, and face masks. I also noticed one of the females carrying a large orange traffic cone.

I know large traffic cones are used by protestor during civil unrest in an attempt to defeat CS gas or smoke cannisters by using the cone to cover them. I also believed the females were wanting to engage or assist others in engaging in civil unrest because they were masked up and wearing protective gear.

I conferred quickly with Sgt. Billard about taking the cone from the three females walking.

A Central Precinct Mobile Field Force was also with us and in a better position to take the cone from the female. I pointed to the three females and alerted the Central Precinct MFF and they detained the females and seized the traffic cone. See their reports for additional.

SUBJECT
RRT MOVING A CROWD

On the above date and time, I assisted several officers and sergeant's on a protest that turned into a violent unlawful assembly.

The crowd was said to be throwing projectiles at officers and failed to clear the streets and exit the area.

My squad was tasked to assist and attempt to move and disperse the crowd. As we arrived in the area of SW 2nd/Taylor, we were met by a violent and hostile crowd.

The crowd began throwing projectiles at officers such as batteries, water bottles, fire crackers and other dangerous items.

At this time I witnessed riot control agents deployed such as flash bangs and smoke. This tactic helped disperse the crowd and they slowly moved back.

As a squad, we then moved forward to clear the streets. As we moved forward, I moved several protesters out the way by pushing them with my hand, telling them to leave the area.

I also used a two handed shove with my baton. This tactic was used to assist the protesters in the direction we wanted them to move, using the least amount of force.

As we continue to move the line, I continued to move multiple protesters dressed in various forms of black and face coverings. I was unable to identify their identities.

This tactic was done multiple times throughout the night at different locations as we were met with violence, objects thrown at us and even a truck menacing us as if it was going to back into our squad.

As the night continued, my squad continued to move protesters out the streets when ordered to do so. I witnessed Redacted munitions at one point as well as other officers move people out the streets.

Due to the chaotic event and the rapid and dangerous circumstances, I was unable to see every officer that used force.

We continued protecting property, ourselves, and dispersing an unruly, unlawful assembly until the violence ended.

Nothing further to report.

SUBJECT
SUBJECTS ESCORTED OUT OF CS

NARRATIVE: While deployed as a member of RRT (Rapid response team) Delta squad I was tasked with moving a group of agitated protesters from SW 3rd Ave/ SW Taylor st to SW 2nd Ave/ SW Taylor st. The group was throwing multiple projectiles.

Approximately mid block between SW 3rd Ave/ SW 2nd Ave two females stopped moving Eastbound, multiple officers encouraged them to continue to move. The subjects refused, I was behind the line approximately 5 feet and I proceeded to approach the two females, The females said they were being affected by the CS gas, As I left the females I felt a disinfectant bottle filled with milk hit my leg, I turned around and saw the two females with similar bottles stopped in the same spot, I went back and grabbed the two females by there back packs and shirts and proceeded to pull them forward in front of our line so that myself or other officers would not continue be hit from projectiles and also to actually get them away from the concentration of CS gas.

The women were not being compliant and not understanding that I was trying to help them. Once in front of the line in the middle of the intersection at SW 2nd Ave/ SW Taylor st I released my grip on the two women. The larger of the women proceeded to move backwards into the intersection and fall under her own power.

SUBJECT
CHARLIE SQUAD REPORT

On 6/2, Charlie squad was deployed to assist with protests to the death of George Floyd. Monday night, the primary objective was to respond in defense of the fenced perimeter. During one point a MFF at SW 4th/Taylor was taking numerous projectiles and calling for assistance. A coordinated effort of RRT squads responded and moved the crowd Northbound, 1/2 of Charlie squad integrated into County RRT and A squad for this movement. The crowd was pushed NB on SW 4th and then towards Pioneer Square.

While enroute to assist with the unit calling for cover, 2 vehicles intentionally stopped in front of our RRT Van. One of the vehicle parked perpendicular across the street to prevent our passage. The other vehicle the pulled up next to it and blocked the remaining of the street. It was determined earlier in the day that we would mark vehilces that had interfered with police with spray paint so other units could contact/arrest these individuals. This had been a significant issue and had to visually mark vehicles because there were to many license plate numbers for supporting units to remember.

I used blue spray paint, to mark a line on the back of the vehicle above the license plate. I immediately broadcast the plates to the CMIC and later provided PC for IPO. The plates on the Green Fiat was 162 MEV and the second gray sedan was 145 LBM or 195 LBM. The green Fiat was driven by a thin black female unknown clothing. It is unsure if these dirvers were later contacted by other units or not.

Later in the evening, a hostile crowd gather 4-5 on Taylor and started throwing firework mortars and other projectile and the MFF defending the fenced perimeter. A plan was established to disperse the crowd per orders by the CMIC. Charlie squad took a position to move the crowd NB on SW 3rd ave away from the fenced perimeter. In this action, members of Charlie squad, deployed smoke, oc/cs triple chasers.

After this crowd was moved, Charlie squad maneuvered around the downtown core to prevent hostile crowds from regathering.

SUBJECT
RRT SMOKE DEPLOYED

On Tuesday 06/02/2020 at approximately 2330 hours, I was assigned to the Rapid Response Team on Charlie Squad. I was in full uniform that was black in color with my badge and Police markings displayed on my load bearing vest. This was the 5th day of protests to include riotous activity related to the death of George Floyd while in Police custody in Minneapolis, MN. Our entire team, specially trained in crowd control management, was initially activated for the demonstrations on the evening of Friday 05/29/2020.

Our squad was in the area of SW 3rd Ave / SW Taylor St to support the dispersement orders which had been broadcasted several times over the sound truck speaker. I am certified as a grenadier for the Rapid Response Team. On my load bearing vest, I carried several munitions that are deployed via hand toss based on the conditions observed in the crowd. The hand tossed munitions are used for crowd dispersal, aerial of denial, and other instances, as appropriate. I was also carrying an FN303, loaded with pava rounds, which I have been certified to carry and operate.

I deployed two pocket tactical smoke hand toss munitions at this intersection to continue to disperse and encourage movement out of the area per the sound truck orders.

The canisters did not contact any individuals and were approximately 10-20 feet from protesters in the area.

Refer to my FDCR under the same case number for additional information.

Nothing further at this time.

SUBJECT
EAST A MOBILE FIELD FORCE

I was detached to the protest in downtown Portland as the East A shift mobile field force Sgt. At approximately 2100 hours my MFF was called to assist at Sw 4th / Sw Salmon with a group tampering with the fenced off area downtown.

Multiple individuals throw projectiles, fireworks, and attempted to kick down the fence. Multiple 40mm and OC spray was used by my squad. See FDCR for details.

The crowd eventually dispersed and went to Sw 3rd and Salmon. The crowd chanted, threw projectiles, and pushed a dumpster up towards to the fence. My squad formed a skirmish line and held the fence line. No force was used by my squad at that location. The crowd eventually dispersed.

For the rest of the night my squad drove around in their vehicles clearing the roads of debris and moved small groups out of the street without force. At an unknown location we provided security to PFB while they put out a dumpster fire that was next to a tree before we were released.

My squad did not sustain any injuries during the event.
