SUBJECT
REPORT OF VANDALISM AT NO PREC

8-On July 18, 2020 at evening, protesters vandalized North Precinct.

I walked around the North Precinct and I took pictures of the vandalism and I placed it in the DIMS.

There were graffiti's on East and South side of building.

East parking lot had a graffiti written "darn the cop."

The fence to the employee parking lot was damaged and the electric power to the gate was messed with.

A police car was vandalized and Officer Collins wrote a report.

DIGITAL VIDEO OF RRT CHARLIE SQUAD ACTIVITIES

On 7/18/20 at about 1930 hours, I was assigned to PPB RRT Charlie Squad. At about 2255 hours, we responded to the area of N Lombard Street/ N Denver Avenue to assist with a protest event that had been deemed a Riot.

I documented, via digital video, as the squad engaged in crowd control and crowd dispersal activities. These activities primarily took place on N Lombard Street moving east from N Denver Avenue to N Interstate Avenue, south on N Interstate Avenue to N Buffalo Street, east on N Buffalo Street to N Montana Avenue, south on N Montana Avenue to N Rosa Parks Way, and east on N Rosa Parks Way to the Interstate 5 overpass.

I delivered the SD card containing the videos I had captured to Criminalist Tsukimura for uploading to two external hard drives.

For further on the disposition of the videos refer to Criminalist Tsukimura's report.

SUBJECT
RRT SQUAD REPORT

On 7/18/20, I was assigned as Charlie Squad RRT Squad Leader. During this operational period we responded to N Lombard/ N Campbell in response to an unlawful entry of the PPA office. There were multiple fires started inside the building as a clear attempt to burn the building down. Charlie and Delta squads dispersed the crowd to the east while Portland Fire addressed the fire starts inside the building. Near N Fennwich RRT members took custodies of individuals that were fighting with police and or refusing to comply with officer orders to disperse (see specific reports for specific details).

Both RRT squads operated together throughout the movement. RRT squads dispersed the crowd to the East on N Lombard to Greenwich. On Greenwich the crowd went SB and out of sight. Here an additional custody was taken by members of both Charlie and Delta squads. On the Northside of Interstate near N Greenwich, I overheard an Asian Female self identify as the plaintiff of the TRO pertaining to the press and refusing to comply to Detective Baer's request to stay back away from police action. The female stated that she did not have to listen to Detective Baer because she had an injunction. I only heard a small portion of the overall conversation.

We attempted to disengage but the crowd regrouped at N Lombard and N Interstate. After resources were regathered we continued to disperse the crowd to the east; however the majority of the crowd turned SB on N Interstate Ave. Charlie and Delta squads continued to dispersing the crowd SB on Interstate until the crowd turned EB on N Buffalo. On Buffalo there were additional custodies taken. These custodies slowed down a significant portion of our police line. As I was attempting to catch back up to the line, I observed a water bottle being thrown a shadowed area of N Montana (south of N Buffalo). I could only see the silhouette of one person inside the shadowed area. As the silhouette moved into the light it was the same female that had previously self identified the plaintiff of the TRO. Later identified as Kat Mahoney.

Both squads continued to disperse the crowd SB on N Montana to N Rosa Parks. On N Rosa Parks the crowd continued EB until turning SB on N Missouri. Members of both Delta and Charlie squads used force including control against resistance, take down, OC spray, FN 303, and 40mm direct impact.

SUBJECT
INTERACTION WIHT KAT MAHONEY

On the evening of 7/18/2020 into the early morning of 7/19/2020 I was working as an RRT officer on Charlie Squad. We were deployed to assist with a protest in regards to an in custody death that happened in Minneapolis. Protests had already taken place the last fifty two nights before and involved extensive property damage, looting, and multiple assaults to both citizens and officers throughout downtown Portland. I was wearing a police uniform and clearly displaying a badge.

While assigned to RRT Charlie Squad we were sent to the PPA Union Office due to the fact that a large group of protesters had set fires on N Lombard St. in front of the building and had broken into the building and started a fire inside. Due to the crimes being committed within the crowd, some of which were burglary and arson, the gathering was declared a riot. The sound truck began making announcements that a riot had been declared and that the crowd needed to disperse from the area to the east or they could be arrested and subject to use of force. The crowd did not move or leave the area and instead threw projectiles and shown lasers at responding officers.

At approximately 2250 hours, RRT squads began pushing the crowd east bound on N Lombard St. We pushed to the intersection with N Greenwich Ave. At this intersection the RRT squads stopped and formed a line formation. We stayed in this location for several minutes as the crowd in front of us had scattered. After several minutes Delta squad was ordered to mount up on their van to respond back to the union office and make sure the area around it was secure.

When Delta Squad mounted up the line of RRT officers, which now only included Charlie Squad officers, became much thinner. I was on the north side of N Lombard St. and when the Delta Squad Officer began to mount up I saw an Asian female, with shoulder length dark hair and a large nose piercing, wearing a blue ACLU Legal Observe vest, begin to walk west bound on the northern sidewalk as if she was going to walk behind the line of RRT officers. I moved towards her and said "no ma'am". I placed myself in front of her, while on line with other RRT officers, and told her to back up. She instantly became angry and verbally confrontational with me. She stated she was only going to stand at the fence, which bordered the north side of the sidewalk. I again repeated my order for her to back up, she was at the time only approximately 2-3 feet from my person. She did not back up and instead began screaming at me that she was a legal observer and did not have to follow my orders. I again told her to back up and stated that she still needed to provide me with space to do my job. I repeated my request for her to back up and my assertion that I needed space to do my job several times before she asked me how far back she needed to go. I responded "6 feet would be nice as corona is running rampant in this state". She was not wearing a face mask of any kind and screaming in my face. At this statement she backed up from me approximately 5 feet away. She asked if she could move west bound on N Lombard St. after RRT officers left. I told her that she could. She asked when we were going to leave and I told her I did not know.

The woman, later identified as Kathleen "Kat" Mahoney, then began yelling at me that she had an injunction against me and the police. I at the time not knowing who she was responded she did not personally have an injunction against us. At this Mahoney became livid and began screaming at the top of her lungs that she was a named complainant in the TRO Injunction on the Portland Police Bureau. She was so loud that numerous other officers on the line, including Sgt. Damerville, looked over at us. Mahoney seemed to think that I should know who she was by sight. I responded that even if she did have an injunction she

still needed to back up. Mahoney then began yelling that I had violated the injunction and that I couldn't tell her to disperse or where to go. I asked Mahoney if I told her to disperse. She responded "no". I asked Mahoney if I told her she had to go somewhere. She replied "no". I pointed out that I had only told her to back up. Mahoney responded that she had backed up and continued to yell I had violated the injunction. At this time I pointed out that by her own admission just moments before I had not violated the injunction. I then pointed to a person behind her, also wearing a blue ACLU Legal Observe vest, who had been filming our entire exchange, and stated that as this person had filmed our entire interaction we should watch the footage proving I had not violated the injunction. At this statement Mahoney began screaming at me that she did not want to talk to me and yelled at me "Stop talking. Stop talking". I responded that I had only been answering her questions.

Mahoney then stopped interacting with me. After several seconds she stated she was calling someone and walked away from me, east bound down the street, and appeared to be talking on her cell phone.

Several minutes later Mahoney again approached me and stated she wanted to know my badge number. I sated she could read the number on my vest. Mahoney began to approach me, well within six feet, with her cellphone outstretched. I put my arm out, again telling her to back up and touched her upper chest/ shoulder area. Mahoney screamed at me not to touch her. I told her she could take my picture while still giving me space. Mahoney backed up, approximately 4 feet from me, and spent several minutes leaning towards me with her arm outstretched towards me and her cell phone pointed at me appearing to be attempting to photograph my vest. She at one point stated she could not get her camera to focus. I pointed out this was not my fault. After Mahoney appeared to take the picture she again walked away from me. I did not interact with Mahoney again but saw her several more times in the crowd as we pushed them.

Several minutes later as we were pushing the crowd in the area of N Buffalo St. and N Montana Ave. I heard someone get on the air and state they had seen a complainant in the TRO throw a bottle at officers.

Later once RRT had stopped pushing the crowd and disengaged from them I spoke with Sgt. Damerville. He told me he had heard Mahoney screaming at me that she was a complainant in the TRO and then later in the area of N Buffalo St. had seen her throw a bottle at officers. Sgt. Damerville stated he recognized the woman throwing the bottle as being the same woman who had been screaming at me in the area of N Greenwich St. (See Sgt. Damerville's report for more details)

At this time I searched the TRO signed by Judge Simon and found that six people were listed plaintiffs. Out of these names only one, Kat Mahoney, appeared to be female. I Googled the name Kat Mahoney and found the website kmahoneylaw.com. The website is for lawyer Kathleen Mahoney. I clicked on the about page for the website which shows a picture of Mahoney and lists her as being a lawyer in Portland Oregon and a legal observer for the ACLU. I immediately recognized Mahoney from her picture as being the woman I had interacted with on the line.

Nothing further at this time.

SUBJECT
RRT PROTEST

I was working as a grenadier on Delta squad. There was an update over the radio that the protest of several hundred people were surrounding the PPA Union building at N Cambell/ N lombard. There was an update over the radio that protesters had broken into the PPA Union building. Another update stated that protesters were staring a fire in the building.

Delta squad who was staged at an offsight location responded to the burglary and arson in progress. The sound truck gave warnings that the protest was an unlawful assembly and declared it a riot. The sound truck gave a use of force warning to include riot control agents and tear gas could be used.

When Delta squad arrived I could see a large crowd of protesters blocking the street on Lombard. I could see there was a large dumpster fire in the middle of the street. Delta squad was going to disperse the crowd to the east so officers could clear the PPA Union building, and fire medics could address the fire in the building.

As Delta squad moved into a line formation towards the protesters they began to engage officers in active aggression by throwing various projectiles towards them. I launched one smoke munition towards the back of the crowd. It landed in the intended location towards the back of the crowd.

The crowd continued to throw various projectiles (bottles, paint filled balloons) at officers as Delta moved them to the east. I launched a second smoke munition towards the back of the crowd. It landed in the intended location.

The crowd continued to engage in active aggression by throwing projectiles at officers. I launched a third smoke munition towards the back of the crowd. The munition landed where intended.

The crowd still continued to engage in active aggression by throwing projectiles at officers so I launched a fourth smoke munition towards the back of the crowd. The munition landed where intended. Delta moved the crowd down by Greenwhich and held the line.

The crowd formed up again at the intersection of Interstate and Lombard. Delta and Charlie squad began to disperse the crowd eastbound. The majority of the crowd turned south on Interstate. There were several projectiles being thrown from the back of the crowd towards officers. I launched a fifth smoke munition towards the back of the crowd. The munition landed where intended. Delta and Charlie squad moved the crowd to the south where the crowd turned east to Buffalo.

Delta and Charlie squad moved the crowd from Buffalo, to Montana, to Rosa Parks by I-5 freeway. Most of the crowd had dissipated to the south by this point.

I spoke to the fire medics embedded with Delta squad who put out the fire in the PPA Union office. They told me there were multiple fire starts, and the building would have caught fire in a few more minutes had it not been extinguished when it was.

SUBJECT
DAMAGED UNIFORM/ EQUIPMENT

On Saturday, 7/18/20, I was deployed as a line officer with RRT Charlie Squad to a protest downtown near the Justice Center. This was the 51st consecutive night of protests in response to the in custody death of George Floyd in Minneapolis, MN. Previous nights of protests have seen members of the crowds commit assaults, arson, burglaries, theft, and vandalism. Riots and civil disturbances have been declared on many of these nights, and several officers have been injured by the violent actions of some in the crowds.

Tonight, a crowd of at least 200 people gathered in Peninsula Park before going on a march, during which they blocked traffic on major arterial streets. The march arrived at North Precinct, where police stayed within the facility and secured lot in an attempt to disengage and deescalate. Despite the lack of police pressure, the crowd committed acts of vandalism, spray painting the walls of the precinct, spray painting a police car and breaking it's windows and mirrors, and removing and burning the flag that flew outside the precinct.

When the sound truck began making announcements to the crowd to stop committing crimes and leave the property, the crowd marched again, this time arriving at the PPA office at 1868 N Lombard Ave. The crowd spray painted the outside of the office and blocked the street with large dumpsters and other debris. About when the sound truck began making announcements to the crowd to stop committing crimes, the crowd set the dumpsters on fire and broke into the PPA office through the boarded up front doors. About when the sound truck began making announcements to the crowd regarding an unlawful assembly and dispersal orders, the crowd set the inside of the building on fire. The sound truck then announced that the gathering was a riot and gave orders to disperse, along with arrest and force warnings.

RRT, along with MFF support, began dispersing the crowd to the east along N Lombard St. The crowd threw numerous projectiles at us, including dozens of paint balloons. The crowd split and moved south into residential blocks, while we stayed on Lombard St. to allow them to disperse without pressure from us. Instead, the crowd reformed at Interstate Ave./ Lombard St. and faced off against us. We again dispersed the crowd, moving south on Interstate Ave. They continued to barrage us with paint balloons. As I helped other officers take a man into custody, I was struck directly in the chest by a balloon filled with white paint. The paint covered much of my external vest, equipment on my vest, OC spray can and drop down holster, gas mask bag on drop down holster, work keys, duty belt, and uniform shirt and pants. I will attempt to clean the gear, but it will likely need to be replaced due to damage after this continuous RRT deployment ends.

Pictures in DIMS.

Nothing further at this time.

SUBJECT
TIRE SLASH

On July 18, 2020 I was assigned to RRT Delta Squad for the ongoing protests that we have been working for more than 50 days. This evening there was a crowd of protests who had initially made efforts to probe North Precinct by apparently attempting to see the response they could solicit by approaching the main door of the Precinct or by trying to cross the fence to the parking lot where officers personal vehicles were parked. While at the Precinct protesters in the group also pulled down and burned the American flag at the Precinct.

A short time later a group of 200 to 250 protesters had marched to the area of the PPA union office which had been a location that protesters had targeted before. We had received information that the group was surrounding the office and also had at least 20 support vehicle following them as they marched. As the crowd of protesters had assembled around the building the sound truck gave an announcement stating the following: "This is a residential area and we've noticed criminal activity in the crowd. Continued activity will leave them subject to arrest and crowd control munitions." At that point in time we had received information that there were several anarchist type individuals in the crowd and there was a lot of milling around the PPA office. We also received info that a few protesters had made it onto the roof of the PPA office. In addition to this dumpsters had been pulled into the middle of Lombard, tipped over and lit on fire. These types of tactics have been utilized to slow our response at getting to the protesters to move them along or take them into custody. As we prepared to move in we received information that the entry door of the PPA office had been breached and people were now inside. We also received information that a fire was started inside the building.

As our squad arrived at N Lombard Street I observed that there were 2 vehicles parked perpendicular across the intersection to block vehicular traffic from getting through. This appeared to be a deliberate attempt to slow our police response in an apparent effort to keep us from getting to the crowd. It also appeared to be an effort to keep us from getting to the fire in the PPA office to put it out. There was a green Ford Ranger and a gray Subaru Outback or similar. To prevent the vehicles from further interfering with our movements and to prevent them from trying to come in behind our line as we moved the crowd I punctured 2 tires on each of the vehicles. The vehicles were facing each other towards the middle of the intersection but I do not remember which side of the vehicles I was walking on. Each vehicle had a front and a rear tire flattened but I am unsure if they were on the driver or passenger side. 4 tires in total were punctured by me.

After flattening the tires I returned to the RRT line and we began moving the crowd backwards to the east on Lombard so our PFB Fire medics could tend to the fire inside the union office.

There is nothing further at this time.

SUBJECT
A FRIENDLY GREETING TO RIOTER

I was deployed as a grenadier on RRT Charlie Squad on 07/18/2020. A riot was declared by the CMIC, in the area of the 1800-block of N Lombard St (Portland, OR 97217), at 2251 hours that evening. That decision was made after a group of ~250 violent individuals rolled dumpsters into the roadway, lit their contents on fire, breeched the Portland Police Association offices, and attempted to burn down the building. I was one of the first responders who moved quickly to sweep the crowd eastbound on N Lombard St and extinguish the fires.

Force was used by other members to move the crowd and take individuals into custody for a variety of crimes. The PPB Sound Truck gave loud, clear admonishments to instruct the crowd of what they were expected to do and why. A force warning was crafted into the repeated riot declaration as well.

I contacted an unknown female, on the west sidewalk; south of N Concord Ave/N Lombard St. Officers were arresting at least one individual in that intersection, and I was providing security because ~15 members of the riot were loitering to the south on N Concord Ave. I walked around the perimeter of some commercial buildings to the SW of us to prevent any additional individuals from flanking around to the west. As I did so, I found myself south of my previous location and in the midst of the aforementioned collection of unfriendly individuals. Those who saw me approaching backed away and did not threaten me. I then noticed one female protester using her smartphone to record Officer Harris and it appeared she was very intent on him; as if they had just had a negative interaction. I perceived it as a rare moment to foster some goodwill between a community police officer and a member of the community who was expressing a grievance with those in my profession. Therefore, I put my left arm around her shoulders and asked, "Are you OK?"

The unknown female did not appreciate my gesture and asked me to not touch her. She may not have realized I was a police officer at first because she simply told me either, "Yes" or "Yes, I'm fine." Officer Harris informed me she had

just called him "... a bitch." I expressed my dismay at hearing that news. The female then did a double-take and realized I was a police officer. She turned her smartphone toward me and told me to stop touching her. I removed my arm from her shoulders and apologized. She made it clear that she did not want to engage me in a constructive discourse and was more inclined to want to file a complaint against me. I displayed my PRNR, which was affixed to my uniform on an adhesive name tape, and told her she was welcome to reference it in her complaint. She demanded my name and DPSST number. I reassured her my PRNR was sufficient to initiate the complaint and then rejoined to my coworkers on the line.

I heard the unknown female call me a "creeper" or something similar and then loudly claim I sexually assaulted her. I was disappointed my effort to build a report with her were completely unsuccessful.

The entire chain of events are likely recorded on her smartphone. However, I judged it unsafe to approach her again to either ask for a copy of the video or request her identification because she had moved closer to the rest of her allies.

Nothing further at this time.

SUBJECT
DEFLATED TIRE

On 7/18/20 I was working in my capacity as an RRT Officer and assigned to Delta Squad. Delta squad was charged with managing a crowd of around 300-400 that had gathered in North Portland. Through out the day, the crowd had invaded the North Precinct parking lot and damaged a police car by writing graffiti on it. The crowd also took down the American flag and burnt it. The crowd caused other property damage to North Precinct but eventually the crowd marched to the Union Office located at 1868 N Lombard Street.

Once at the Union Office it was reported that the crowd was blocking the street with dumpsters and setting them on fire. It was soon reported that individuals in the crowd broke into the Union Office and had set it on fire. The assembly was declared a riot and the sound truck gave multiple announcements to disperse and leave the area along with use of force warnings. Myself along with the rest of Delta Squad responded to clear the crowd.

Upon arrival, I saw two vehicles that were parked perpendicular to the lanes of traffic on N Lombard Street around N Campbell Avenue. The two vehicle were blocking all 4 lanes of traffic both east and west bound. Upon dismounting my van, I saw a male in a Subaru SUV that was blocking traffic. The vehicle was blocking traffic allowing protesters to gather and burn down the Union Office.

I wanted to limit the vehicle mobility so that we could later contact the male regarding his contribution to the riot. I punctured the vehicles front passenger side tire with my knife in order to deflate it.

My team began to progress towards the crowd and it was not reasonable for me to stick around and arrest the male. I joined my team and helped with the push.

I later went back to contact the occupant of the vehicle but was unable to find him.

SUBJECT
INJURY TO RIGHT KNEE

On 07/18/2020 at approximately 2230 hours I responded to the Portland Police Association (PPA) office on reports of a riot. I was operating in my capacity as an RRT line officer assigned to Charlie squad. I was wearing a Portland Police Bureau uniform and clearly displaying a badge.

Operational command gave order to push the crowd eastbound on N Lombard Street from the PPA. At the intersection of N Lombard Street and N Interstate Avenue we began to push the crowd south on N Interstate Street.

While lawfully ordering people to disperse I encountered a W/M subject wearing a respirator and all black clothing. I ordered the subject to disperse from the area as command had declared the assembly a riot.

I approached the subject and delivered one baton push to his chest. The subject grabbed my baton with both hands and refused to let go. I attempted to free the baton from his grip by quickly pulling the baton towards myself. I was not able to break the grip of the subject from my baton. I was concerned the subject was going to use my baton to assault me or other officers if he freed it from my grip. Given the officer safety concern I delivered a single strike to the face of the subject with my right hand. The subject fell backwards over an unknown hard object fixed to the ground. I fell forward with the subject and hit my right knee on the unknown hard object. I immediately gathered my footing and stood up as the subject ran off into the crowd. I felt an Redacted . I could feel Redacted

At the end of RRT action I contacted Redacted at North Precinct. Bell-Watkins advised I Redacted

SOUND TRUCK SCRIBE REPORT

Case # 20-681098

I was assigned as the announcer and scribe in the sound truck for the demonstration events on the evening of 7/18/2020. Officer C. Kulp #40730 was the driver. The following is an approximate transcript to the best of my ability of the admonishments broadcasted along with their times and locations.

2124 hours, NE Roselawn St/ NE 6th Ave, facing in NW direction, broadcast twice:

"People gathering around North Precinct are interfering with the operations of a police facility. You need to vacate the facilities parking lot and move back to NE MLK Blvd. Failure to follow this direction may subject you to arrest, citation, or use of force including crowd control munitions."

2127 hours, NE MLK Blvd/ NE Emerson St., facing East, broadcast once:

"People gathering around North Precinct are interfering with the operations of a police facility. You need to vacate the facilities parking lot and move back to NE MLK Blvd. Failure to follow this direction may subject you to arrest, citation, or use of force including crowd control munitions."

2236 hours, N. Lombard St. / N. Omaha Ave, facing East, broadcast 10 times:

"This event has been deemed a riot. Move to the east now. If you do not move to the east you will be subject to arrest or use of force to include crowd control munitions. Leave the area now."

2250 hours, N. Lombard St. /N. Denver Ave, facing East, broadcast 12 times:

"This event has been deemed a riot. Move to the east now. If you do not move to the east you will be subject to arrest or use of force to include crowd control munitions. Leave the area now."

2309 hours, N. Lombard St. / N. Concord Ave, facing East, broadcast 12 times:

"This event has been deemed a riot. Move to the east now. If you do not move to the east you will be subject to arrest or use of force to include crowd control munitions. Leave the area now."

2315 hours, N. Lombard St. / N. Interstate Ave, facing South, broadcast 10 times:

"This event has been deemed a riot. Move to the east now. If you do not move to the east you will be subject to arrest or use of force to include crowd control munitions. Leave the area now."

2322 hours, N. Buffalo St. / N. Montana Ave, moving South towards N. Rosa Parks Way, broadcast 13 times: "This event has been deemed a riot. Move to the east now. If you do not move to the east you will be subject to arrest or use of force to include crowd control munitions. Leave the area now."

2327 hours, N. Rosa Parks Way / N. Montana Ave, moving East to the I-5 overpass at N. Michigan Ave, broadcast 8 times: "This event has been deemed a riot. Move to the east now. If you do not move to the east you will be subject to arrest or use of force to include crowd control munitions. Leave the area now."

No other announcements were given. See other reports for additional details.

OPERATIONS CHIEF REPORT FOR 071820

On 071820 I was assigned as the Operations Chief for events in Portland. There were multiple events tonight. The first was a gathering of about 30 at Holiday park at 1800. Another group of about 300 at Peninsular Park.

At 1940 the group at Peninsular Park began marching west on Rosa Parks.

At 2007 the group from Holiday Park was marching south on MLK.

At 2015 a group of about 150 was reported near the JC.

At 2028 the Peninsular Park group arrived at North Precinct, and immediately took down tape and cones that had been used to block Emerson. At 2045 a person was standing on a police car that had been left in the street in front of the Precinct. There were also reports of lasers being shined at officers, and the police car was vandalized. By 2056 the group had removed the American Flag from its pole at North Precinct and had been set on fire. At 2103 the group was in the main parking lot and were climbing on the fence to the secured parking lot. At 2105 the group was trying to remove panels of the fence at the north side of the Precinct. At 2107 a person was taking photographs of personal vehicles and license plates in the secured lot. At 2116 the group was trying to tie the gates shut so they would not function to let people in and out.

At 2122 the fence at Lawnsdale was being disassembled by the crowd near the JC.

At 2125 the sound truck gave announcements at North Precinct about the need for the crowd to leave the property and move west on Emerson. By 2126 most of the crowd had began moving west on Emerson as instructed. At 2128 the group moved north on MLK.

Also at 2128, most of the fencing had already been torn down by the crowd near the JC.

At 2129 it was discovered the tires and windows had been damaged on the patrol car referenced earlier that was parked at North Precinct.

At 2130 the group from Holiday Park was now gathered outside of the Mayor's building at 10/Glisan.

At 2138 it was discovered the crowd at North had cut the electrical wires the the gate motor to the secured lot, disabling one of the gates.

At 2145 a portion of the fencing around the Hatfield building had been taken down. At 2202 smoke bombs were thrown at the Hatfield building by the crowd. At 2203 someone had fired some projectiles from a sling shot over the fence at Hatfield. At 2205 the group continued to tear down sections of the fence at Hatfield. At 2213 the group was barricading the doors of the Hatfield with fencing they had torn down.

At 2224 there was another fire lit at the Elk statue.

At 2227 the North Precinct group had now arrived at the PPA building. At 2236 the group was moving dumpsters in front of the building and out into the street.

At 2238 2/Main and 3/Madison were blocked with fencing by members of the crowd.

At 2239 it was reported more anarchist/Blac Bloc types were arriving at the PPA.

At 2240 the group was blocking the north porch door of the JC with fencing and other material.

At 2241 FED's came out of the Hatfield to address the crowd at their building. The FED's deployed CS at 2242.

At 2244 people were reported on the roof of the PPA, and at 2245 the group had lit the dumpsters on fire in the middle of the street near the PPA.

At 2247 the FED's used more CS to keep the crowd away as they moved back into their building.

At 2248 the sound truck gave announcements to stop lighting fires and cease criminal activity near the PPA. At 2249 the crowd breached the doors of the PPA, and by 2250 they had started a fire in the PPA office. It was immediately declared a riot by the IC (Capt. Dobson) and ground units moved in to clear the area at the PPA. At 2255 MFF officers were able to put the small fire in the PPA out before it had a chance to spread. At RRT pushed the crowd east on Lombard they reported taking paint bombs and M-80 style explosive fireworks. By 2259 the RRT movement stopped at Greenwich.

At 2304 the group had reformed at Buffalo/Greenwich, and had moved back to Interstate/Lombard by 2308. The crowd had several object pulled out into the road as a barricade by 2311. Ground units starting moving the crowd to the south, and several more projectiles of all types were reportedly being thrown at the offiers.

At 2318 smoke was reported at the Hatfield, but the source could not be determined.

At 2319 more projectiles were being thrown at officers in North Portland as they moved the crowd. Charlie1 reported he directly saw a plaintiff for the current TRO in place against the City throw a water bottle at officers. At 2321 more rocks an bottles were reported as the push continued south.

At 2327 the FED's reported the crowd was "using everything they can find" to barricade the 3rd Av. side of the building.

At 2327 RRT stopped their southbound push at Rosa Parks. The group moved east, and re-entered Peninsular Park at 2332. By 2341 the group at Peninsular Park had started thinning out.

At 2352 the group downtown was pulling apart the fencing at Shrunk Plaza.

At 0035 a patrol car was surrounded while trying to get into the jail at MCDC. They were able to move out of the area before they were trapped. The group moved away from the jail entry doors by 0039.

At 0100 a person was hitting the front door of the JC with his cane, and then tried to shoulder the door open. He told the officer inside he wanted to make a complaint and was told to come back another time.

At 0223 MCSO went out on the 2nd Ave. side to attempt an arrest. It was not successful.

It was reported the crowd may be taking panels from the MCSO courthouse to feed the fire at 0225, but this was not confirmed.

The crowd had diminished significantly by 0338 and ground units were demobed.
