SUBJECT
DAMAGED TO RRT VAN

Sgt. Kofoed - #40928

Vehicle ID #053201

E230638

On 06/30/20, I was deployed as a RRT member with Delta squad. Sgt. Kofoed was my acting supervisor on this day. I was given the task to be the driver of the Delta van vehicle id #053201 bearing license plate E230638. Around 2100 hrs, Delta squad was given a mission to push the crowd East bound on N. Lombard Street and N. Campbell Street due to a civil disturbance. For the past several nights, Portland Police Bureau (PPB) has been dealing with protesters protesting police brutality. A large crowd of about 250 people had gathered in front of the PPA building located in North Portland area. The crowd had begun to spill onto the roadway blocking all vehicular traffic.

While following delta squad, who were dealing with an unruly protest, I followed in the van from a distance. At one point, while in the van, I was taking unknown projectiles towards the van. I was unable to identify a suspect because the projectiles were coming from different directions. Projectiles taken by officers on the line were water bottles, rocks, and aluminum cans filled with unknown beverage. At the end of the night, I noticed minor dents to the van on the passenger side door caused by the projectiles thrown towards the van. Sgt. Kofoed was notified of the damaged done to the van.

Nothing further

SUBJECT
DIGITAL VIDEO OF RRT ALPHA SQUAD ACTIVITIES

Narrative:
On 6/30/20 at about 2000 hours, I was assigned to PPB RRT Alpha Squad at SE Precinct. We responded to the area of N Lombard Street/ N Denver Avenue at about 2130 hours to assist with a protest event that eventually was deemed a Civil Disturbance and later a Riot.

I documented, via digital video, as the squad engaged in crowd control activities, crowd dispersal activities, and made arrests on N Lombard Street. These activities primarily took place on N Lombard Street from N Denver Avenue to just east of N Albina Avenue.

On 7/1/20 at about 0045 hours, I documented, via digital video, a dumpster fire in the intersection at NE Killingsworth/ NE MLK Avenue. Shortly after this, I documented, via digital video, as the squad engaged in crowd dispersal activities and made arrests on NE Killingsworth Street from NE MLK Avenue to about N Albina Avenue.

I delivered the SD card containing the videos I captured to Criminalist Johnson. Criminalist Johnson uploaded the videos to two external hard drives for distribution.

For further on the disposition of the video refer to Criminalist Johnson's report.

OPERATIONS SECTION CHIEF REPORT FOR 063020

On 063020 I was assigned as the Operations Section Chief for events in Portland. Tonight a group met in Peninsular Park, and this group was affiliated with Black Bloc Anarchists and PNWYLF. Both of these groups have been extremely hostile towards police in previous events, and have caused substantial property damage and vandalism. At abut 1805 it was reported there were about 200 people gathered in the park. By 1914 it had grown to about 250 people.

At 2030 the group left the park and marched to the PPA office on N. Lombard. They arrived at the PPA office at 2103 , and by 2105 Officers were already reporting that people were throwing rocks and bottles at them, as well as, shining green lasers directly into officers eyes. Due to the extreme volume of projectiles being thrown at officers, and unlawful assembly was declared by the IC (Capt. Passadore). The sound truck made several announcements about the unlawful assembly, and advised the group to disperse to the East. Ground units moved in at 2119 and started moving the crowd to the East, and they reported taking heavy resistance from members of the crowd. Pepper spray and FN 303 rounds were reported to be used.

At 2121 officers were still reporting a large volume of projectiles including, water bottles, rocks, and full cans of beer and soda. At 2122 smoke was deployed. As the ground units continued to push east most of the group went south on Concord. Projectiles continued to be thrown and ground units disengaged at 2127. At 2130 the group started moving back towards the PPA office but were also pushing dumpsters at the front of the group. At 2134 more lasers to officers eyes were reported as well as a trash can had been set on fire in the middle of the street.

At 2137 projectiles were being continuously thrown and ground unit made a movement to take custodies. The movement continued and ground units continued moving the crowd to the east. At 2140 officers reported the an officer had been hit by a rock. The officers was evaluated by embedded medics on scene. At 2144 a second custody movement occurred. While the custodies were being processed more lasers and projectiles were used against the officers. At 2153 a third custody movement was initiated. At 2156, more bottle and rocks were reported, and again at 2200.

At 2202 smoke was deployed by ground units, and a dumpster fire was reported at 2208. Projectiles were continuously being thrown at officer and the IC declared the gathering a Riot, and the sound truck made announcements to notify the crowd. CS gas was authorized by the IC as officer were being shot at with Roman Candles. CS was deployed after the announcements. (The crowd actually cheered when the announcement CS gas would be used went out).

The ground units continued their movement east and by 2235 the group had moved to the east side of I-5. More lasers and projectiles were thrown as the ground units disengaged at 2246. The group moved back west of I-5 and they moved more dumpsters into the street at Lombard/Interstate. At 2302 another movement by ground units occurred to move the crowd back east. More rocks and bottles were thrown. At 2309 another custody movement occurred at Mississippi/Lombard. At 2311 more projectiles were thrown and another dumpster was moved into the street and Albina/Lombard. At 2314 it was reported that the dumpster was on fire.

At 2316 the ground units continued moving east and continued taking rocks and other projectiles. At 2317 more announcements went out about this event being a riot and people needed to leave the area. At 2320 more projectiles were reported. At 2323 more announcements were given by the sound truck and more projectiles were thrown at officers. At 2330 the group started vandalizing a tri-met bus, and the bus evacuated the area past the police line. At 2335 more projectiles were reported. More of the same at 2343.

The group marched towards North precinct without police around, and arrived at the precinct at 0041. At 0046 the group lit a dumpster on fire in a gas station parking lot at MLK/Killingsworth. Immediately the sound truck made more announcements about the unlawful assembly. At 0051 ground units moved the crowd west on Killingsworth, and projectiles continued to be thrown at the officers. more custodies were taken during this movement. At 0105 ground units reported that the group finally appeared to be dispersing from the area and they disengaged.

While the main event was going on in North Precinct. A smaller group gathered at the JC. Throughout the night the group set fires at the Elk statue, and to the bathroom in Chapman Square. MCSO and PFB were able to deal with these issues. At 2359 it was reported that a person scaled the building and was on the roof of the second story of the JC. MCSO was able to resolve that issue without assistance.

PHOTOS OF CRIMINALIST NEBLING'S INJURY

Mentioned:
Criminalist Nebling #37144

Narrative:
Criminalist Nebling stated the following to me: on 6/30/20 Criminalist Nebling was assigned to an RRT Squad and was documenting interactions between the squad and protesters via digital video on N. Lombard Street.

Near the intersection of N Lombard Street/N Elmore Avenue at about 2230 hours, an unidentified subject in the crowd of protesters threw a rock at the line of police officers. Criminalist Nebling was hit by this rock in the Redacted area.

On 7/1/20, Criminalist Nebling requested I take photos of his injured Redacted. In the FED Photo Studio, I made digital color photos of Nebling's injured Redacted using white light. I made additional digital color photos of Nebling's Redacted using ALS.

I uploaded the photos into PPB DIMS for archiving purposes.

For additional information on this incident refer to Criminalist Nebling's report.

SUBJECT
VIDEO OF RIOT

EVIDENCE:

PER# A148822:
Item 1: one 2 pound rock (which struck my Redacted in the Redacted area)
Item 2: one full can of soda pop (which struck an OSP trooper)
Item 3: one rock (which struck an OSP trooper)

PER# A121242:
Item 1: two external hard drives (#9, #10) containing protest video from Criminalist Nebling and Stoner
Disposition: Delivered to Sgt. Dunbar

On 6/30/20 during the riot in North Precinct, I responded with RRT Delta Squad led by Det. Kammerer and Sgt. Kofoed to the PPA Union Office where a riot had erupted with rioters throwing objects at OSP Troopers and blocking vehicular traffic in the area just before or at 2100 hours.

The following unlawful activity was documented with video:

At approximately 2112 hours, we arrived at the corner of N. Lombard St./N. Campbell Ave, and I began video recording the riot. Announcements had already been given by the sound truck that this was an unlawful assembly and that the rioters should move EAST on Lombard Street. Rioters refused to move EAST, continued to block the roadway, and began using bicycles to block police from advancing forward during efforts to move the crowd EAST. Rioters also threw fireworks and full water bottles at police at this time.

At approximately 2147 hours, I was standing behind the police line at N. Lombard St/N. Elmore Ave video recording the riot when I was struck with a fist-sized rock that weighed approximately two pounds. This rock had been hurled more than 60 feet by a rioter when it struck my Redacted area) with enough force to knock me backwards. Officers and medics caught me to keep me from falling down from the force. The pain was a 9 out 10 on a scale of 1 to 10, a 10 being the most painful. The force, pain, and shock of the rock striking me momentarily stunned me. Redacted . Criminalist Stoner and Det. Kammerer were both present when I was struck by the rock and were witnesses.

At approximately 2148 hours, rioters stood within 2 feet to 6 feet of officers and shined bright flashlights and took rapid flash photos at officers' faces in attempts to blind them, which made it difficult for officers to see flying objects coming at them and further impacted the officers' safety. Rioters were intentionally interfering with police officers with these bright lights.

At approximately 2152 hours and throughout the night, rioters shined a green laser into my eyes and into the eyes of officers on the front line to blind them so they couldn't see objects flying at them and in attempts to cause eye injury.

At approximately 2206 hours, to protect life and the risk of serious injury to both the police and rioters, gas was deployed to disperse the crowd. The gas was very effective in dispersing the crowd and reduced the amount of objects being thrown at police.

I collected two rocks and one full can of sparkling water as evidence on PER# A148822.

I off-loaded the video of the protest from my GoPro Hero7 Black camera to FED External Hard drives #9 and #10. I placed the hard drives along with evidence receipt #A121242 on the desk of Sgt. Dunbar to be distributed by the sergeant.

I took color digital photos of the rocks and sparkling water can (PER# A148822) and uploaded the photos to DIMS. I also emailed the digital photos files to PIO Lt. Jones.

On the evening of 7-1-20, Criminalist Stoner attempted to document Redacted with both white light photography and the use of an alternate light source. It should be noted that I do not normally show Redacted is very difficult to photograph. Stoner uploaded those photos to DIMS. See his report in RMS for details.

Nothing further at this time.

VIDEO/DAMAGE AT CENTRAL

MENTIONED:

Mobile Field Force (MFF)

EVIDENCE:
PER A135043 Disposition: Delivered to lead investigative Detective
Item 1. One (1) hard drive with video evidence

NARRATIVE:
On 06/30/20 at approximately 0130 hours, I responded with PPB Mobile Field Force (MFF) outside of Central Precinct after protesters vandalized and attempted to breech the main entry. Protesters removed plywood boards from the precinct, broke out windows, and spray painted discriminating graffiti on the building. Protesters blocked the front door preventing officers from entering or leaving the building which created a safety hazard.

I responded with the MFF to support the unlawful assembly with the provision of video services from SW 2nd/Main to SW 3rd/Main. I recorded the subsequent damage to the front of the building that occurred from the protesters. I transferred all related video onto two (2) separate external hard drives.

A copy of the video was delivered on a hard drive to the FED Photographic Reproduction Specialist for delivery to the designated Deputy City Attorney. A second copy was delivered to lead PPB Investigator. The transfer of this material was recorded on PER A135043.

SUBJECT
SOUND TRUCK NARRATIVE

I was the announcer inside the Sound Truck working this event.

Before the first announcement was given, I noted the crowds demeanor. From a block away, I could visibly see water bottles, rocks and other projectiles being thrown at officers who were already stationed in front of a building in the 1800/1900 block of N. Lombard Street. I also noted this crowds' energy and dynamics which stayed consistent throughout the night; the demonstrators were organized, energized, violent and postured with aggression.

Around 2108 hours, I was directed to give the first announcement to the aggressive crowd relating that this event was now "an unlawful assembly" and to "disburse to the east." This message was given at least three times before officers started dispersing the crowd. The vast majority of the demonstrators did not heed the warnings/commands given and were therefore pushed east. Continuous announcements were given to move east along N. Lombard. As they were moving east, fires were being started in the street and projectiles were still be thrown. Green lasers were also pointed into the eyes of officers and the driver of the Sound Truck. As officers took custody of demonstrators, announcements were given to "not interfere with officers lawful actions."

At approximately 2119 hours, officers once again began dispersing the crowd, eastbound along N. Lombard, in an effort to move them from the immediate area Demonstrators continued to throw water bottles, baseball sized rocks, and full cans. Green lasers continued to be pointed into the eyes of officers and the driver of the Sound Truck. The demonstrators attempted to set fire to dumpsters and trash bins for a second time.

At 2200 hours, I continued to warn demonstrators to "disperse to the east", however, they continued to throw full cans, baseball sized rocks, and water bottles at officers and the Sound Truck. The large baseball sized rocks hit several officers which required medical attention. At 2212 hours, demonstrators began lighting commercial grade fireworks and throwing them towards officers. Green lasers continued to be pointed into the eyes of officers and the driver of the Sound Truck. At this time, I was given the authority to declare a "riot" and admonished the demonstrators to leave the area immediately; this was in the 1600 block of N. Lombard. They were also warned that "CS gas is being used" before CS gas was launched.

Over the next hour, officers continued to disperse the crowd to the east. Around this time, several arrests were made from the 1600 block of N. Lombard to the 200 block of N. Lombard. While performing these arrests, demonstrators continued to throw projectiles at officers, vandalize property, and set dumpster fires on N. Lombard. Numerous warnings and commands were given at this time instructing demonstrators to "...not interfere with officers lawful actions."

Around midnight, the remaining demonstrators began marching southbound towards North Precinct. As the demonstrators arrived at North Precinct, I admonished the crowd. I informed them an "unlawful assembly" had been declared and they needed to leave the area to the north or to the west. Green lasers continued to be pointed into the eyes of officers and the driver of the Sound Truck.

At 0046 hours, demonstrators set a large fire in a dumpster they had pushed in to Northeast Killingsworth Street near the north side of North Precinct. Officers began to disperse the crowd again westbound along N.E. Killingworth and while doing so, demonstrators continued to throw projectiles at officers. More arrests were made in the 000-200 block of N.E. Killingsworth with commands to "...not interfere with officers lawful actions."

Throughout the entire evening, messaging was broadcasted to community members who reside in the two impacted neighborhoods imploring them "...to return to their residence..."

SUBJECT
SUBJECT TRANSPORTED BY AMR

While deployed on RRT at a civil disturbance in the area of N. Lombard/ east of N. Denver. I was a grenadier in Alpha squad. RRT was making arrests of protesters. The protest had been declared an unlawful assembly and riot. As I approached Lombard from the south I saw a State Trooper with a subject detained who was on the ground. I ran up and assisted the State Trooper with taking the person into custody.

The subject was handcuffed. The subject later identified herself verbally as Macrelatos, Augusstina. Macrelatos complained of her [redacted] hurting and asked for medical. I went and got a fire medic to asses Macrelatos. Macrelatos stated she had a previous injury to her [redacted]. The fire medic asked for Macrelatos to be unhandcuffed so he could evaluate her. I removed the handcuffs.

The fire medic stated Macrelatos needed to be transported to a hospital. He called for a ambulance. The fire medic started asking Macrelatos medical questions. Macrelatos stated she wanted a lawyer and didn't want to answer the fire medics medical questions while I was standing there. Macrelatos was transported by AMR to a hospital. I am not aware of which hospital she went to.

SUBJECT
SUBJECT FLASHING A LED LIGHT

On said date and time I was assigned to RRT - Charlie Squad due to the on-going demonstrations that have been occurring since 05/29. At the time of the incident, PPB had already deemed the demonstration/ march an unlawful assembly/ riot and provided a dispersal order for the crowd to move in a specific direction.

At the location of N Lombard / over I-5 freeway, I was walking westbound towards a RRT van in attempt to make contact with the driver. While walking, I observed a male subject purposely pointing an extremely bright LED flash light directly into my face, temporarily blinding me. I had no prior verbal/ physical interaction with this subject and deemed the subject's actions were intentional and to harass.

Though I could have walked away, I turned my attention to the subject, asking/ telling him to remove the light from my face. The subject continued to flash the light in my face and possibly lit the strobe light function. The light was so bright that it disoriented me. I then proceed to grab the flash light for a brief second in an attempt to get it out of my face and stop blinding me.

Once contact with the light and only the light, I deemed as if I accomplished my goal and walked away. The subject was wearing a all black clothing and a red-cross on the front of his outer garment. The subject then stated "that's assault" and requested my badge number. I then walked away, also hearing another subject stating I got that on video and stating my RRT bag number.

Nothing further to report.
