GONZALEZ, MICHAEL B (FORMER EMPLOYEE) (57145)	08/13/2020 0441

SUBJECT
CUSTODY ESCAPED W/ HANDCUFF ON

On the above listed date and time, I was assigned to the East night Mobile field force and tasked to assist RRT at Central precinct for the ongoing George Floyd Protests.

At one point during the evening, We had declared an unlawful assembly and were assisted OSP, PPB and MCSO RRT disperse a large and very hostile crowd.

While pushing the crowd North bound on SW 3rd Ave and approaching SW Salmon St. I looked behind me and observed an unknown RRT member engaged in a physical fist fight with a protester.

I quickly ran over to assist with the officer and a use of force occurred. Refer to my FDCR on force used on the subject.

After we placed the subject into custody, It had not been communicated that we had a custody and needed assistance. By the time I stood the subject up on his feet and looked around, other officers had left the area and the large group of officers we were with were approximately 1 block ahead of us.

Ofc. RIZZO and I were the only two officers with the custody and we got surrounded by 30-40 protesters who were also extremely hostile. Many of them were grabbing at me and the custody trying to pull him away and others were trying to grab at Officer RIZZO.

I attempted to ask for assistance on the radio but I was un-able to do so given other transmission by the incident commander.

The custody was very strong and began trying to pull away from me while I was attempting to walk him to the large group of officers that were continuing to push the crowd. At one point, several of these protesters pulled him away from me and he fled on foot.

Given the dangerous position we were placed in, Ofc. RIZZO and I decided to back away from the violent crowd of protesters. Had we attempted to maintain control of the custody we had, we would have been subject to significant injury from the mob of protesters that had surrounded us. They were all screaming anti-police sentiments and looked like they wanted to engage in some sort of physical confrontation with us.

Ofc. RIZZO and I returned with our group safely and continued to assist with RRT.

VIDEO OF PROTEST

Mentioned:
RRT Delta Squad
Squad Leader Kammerer #29988

On 08/12/20 at approximately 2300 hrs, I was assigned to RRT Delta Squad to assist on a protest. I responded with Delta squad throughout areas of downtown Portland to support the spontaneous crowd management event with the provision of video services.

I transferred all related video on two separate external hard drives. One copy of the video was delivered on a hard drive to the FED Photographic Reproduction Specialist for delivery to the designated Deputy City Attorney. A second copy was delivered to the designated PPB Detective Investigator. The transfer of the hard drives were recorded on PER A182505.

Using the Portland Police Bureau issued IPhone I took digital color photographs of miscellaneous items to include a knife, bolt cutters, hand saw and additional items. These items were located in a bag in an abandoned tent in Chapman Square by officers from RRT Delta squad. I uploaded the photographs to DIMS for archiving.

SUBJECT
UNLAWFUL ASSEMBLY/RIOT

On 08/13/2020 I was assigned to the East/Nightshift mobile field force. I am assigned, trained, and qualified with a 40mm less lethal launcher which I carry during my duties.

Our mobile field force was requested downtown, and we responded. While there, a riot was declared by the incident command.

While completing a "push" North on 3rd Ave. I observed an unknown police officer in a ground fight with an unknown suspect in front of the federal court house, closest to SW Salmon St. I noted that the suspect was actively fighting the officer, and not for the purpose of escape, but to cause harm. I observed the suspect to be white male, over 6ft, medium build, with long brown hair to his lower back. When I arrived on foot, other officers, including Officer Gonzalez were attempting to take the suspect into custody. I had taken a position on a suspect's leg to keep it segmented and was facing the crowd. I did not observe any force by Officer Gonzalez. At this point, another officer left, leaving myself, Officer Gonzalez, and an unknown PPB officer. Once the suspect was in handcuffs, the unknown PPB officer left North on 3rd Ave. even though he appeared to be the arresting officer. I quickly observed that the group of officers had by passed us, and we were quickly being over run with protesters who were attempting to un-arrest the custody.

I saw Officer Gonzalez proceed North on 3rd Ave. as I covered the crowd moving behind us. An unknown female wearing antlers on her head and a large shield tried to knock me off my feet with her shield, but was met with negative results. I instructed the group several times that I would use less lethal munitions if they attempted to un-arrest. The group continued pressing us North on 3rd Ave. As I turned around, I saw the handcuffed custody running away, as the group continued to attempt to surround us. Myself and Officer Gonzalez left the area and proceeded to join RRT, OSP, and the rest of the mobile field forces.

For the balance of the investigation see General Offense Report.

I have no further information.

OPERATIONS CHIEF REPORT FOR 081220

On 081220 I was assigned as the Operations Chief for events in Portland.

At 2100 about 250 were in Chapman and Lawnsdale parks as well as in the street on the 3rd Ave side of the JC. There were various speakers who mentioned not being violent, and those who wanted to be violent should go home.

At 2221 Some one threw a bucket of an unknown substance (suspected feces and rotten food) all over the front doors and sidewalk of the JC on the 2nd Ave side.

At 2245 the group that had been mainly focused on the 3rd Ave side of the JC moved north and was at the fence line of the Hatfield building. At 2252 the group had lit a small fire in the street near 3/Salmon, and a flares was thrown into the fenced area which started a small fire inside the fence line too.

At 2253 PFB responded to Central to conduct an emergency wash down of the material thrown on the doors and sidewalk.

At 2325 the group moved to 2/Main which was at the time of MCSO shift change. The group blocked vehicles and was banging on the gate of the MCDC ramp. An unlawful assembly was declared at 2330. The sound truck gave announcements of the unlawful assembly (force warnings included), and told people to disperse to the north and west at 2332. At 2334 someone lit a bucket on fire up against the doors of Central precinct. At 2338 ground units moved in to disperse the crowd. At 2342 ground units deployed smoke as they took numerous projectiles. At 2348 the movement stopped at 3/Taylor.

At 2350 MCSO reported they had found the gate was significantly damaged.

Ground units pushed to 3/Yamhill at 2352. Once at 3/Yamhill a large explosive, mortars and mace were directed at the officers. Another push to 4/Yamhill was conducted and another mortar was thrown at officers.

At 2357 a riot was declared by the IC (Capt. Passadore). At 2358 the sound truck gave announcements that this was a riot, and again told people to leave the area. Force warnings were included in the message. At 2359 ground units disengaged to rest fro another push for the riot declaration.

At 0015 ground units started another push and immediately started taking projectiles again. CS was authorized and was deployed by ground units. At 0019 lasers were reported coming from the crowd. At 0022 eggs and paint balloons were thrown at officers. Another mortar was thrown at 0023. At 0024 the push stopped at Main/Park. More lasers were reported at

0025. At 0033 the crowd had moved closer to the line so another push for one block occurred to give the ground units space to disengage. At 0035 ground units disengaged.

At 0046 ground units re-engaged and pushed east on Main again as many of the group had come back to the JC. At 0047 another laser was reported.

At 0048 a report came in that a group of people was attacking a woman at 4/Taylor.

At 0050 ground units disengaged, and they reported that out of the group of about 100, most were wearing press identifiers of some type. We were also told the a Trooper had taking a large rock to the head.

At 0115 MFF's were sent out in the downtown area to drive around to hopefully motivate the crowd to leave.

At 0123 ground units again went to disperse people at 4/Salmon that had thrown items at police cars in the area, but again the vast majority of the crowd was wearing "press" identifiers so custodies could not be taken. At 0128 ground units disengaged again.

At 0145 a group of a bout 40 wear gathered at the 2nd Ave side of the JC. The were the MCSO deputies had to have a presence at the MCDC ramp due to the gate being damaged earlier. At 0151 a vehicle was escorted out of the ramp, and MCSO reported taking projectiles as they backed down the ramp. A female had vandalized a Gresham patrol car parked in front of the JC, and she was taken into custody at 0203 by MFF's. This movement caused some of the crowd from 2/Main to move to 4/Main where the custody was taken. At 0209 ground units disengaged from the area.

At 0212 RRT provided security for the FAT to drop off the custody. At 021 the custody had been transferred and ground units tried to leave but some people blocked their path. RRT moved them out of the way and then left the area.

At 0243 the ground units were demobed as many of the group had finally left the area.

SUBJECT
RRT PROTEST

I was a grenadier in Delta squad. Delta squad was tasked with dispersing the crowd. The sound truck had declared the protest to be a riot multiple times. The sound truck gave a use of force warning to include the use of "Tear gas". Delta squad encountered protesters at SW 2nd /Main.

As Delta squad began to disperse the protesters around midnight they engaged in active aggression by throwing eggs, unknown projectiles, paint balloons, metal pipes, pepper spray, and they shined lasers at police. Delta squad dispersed the crowd west on SW Main street.

As Delta squad was moving west I saw Officer Barth walking slowly behind the line formation with his head down. I asked him if he was okay? Officer Barth stated he could not see. He stated he believed had been sprayed with some type bear mace. I grabbed a hold of Officer Barth. I was able to get another officer to escort Officer Barth back to the RRT vehicle to get medical attention.

The crowd continued to engage in active aggression. I launched one smoke munition towards the back of the crowd. The crowd continued to engage in active aggression. I launched a second smoke munition towards the back of the crowd.

Delta squad dispersed the crowd to the west on SW Main street. The crowd continued to throw projectiles at our police line as they moved. The crowd threw some mortar type firework/pyrotechnic at the police line as well as eggs, paint balloons, and shined lasers. I launched one smoke munition towards the back of the crowd near SW Broadway/ Main.

I was not aware of any injuries from the munitions and they were deployed in the intended locations.

SUBJECT
PROPERTY SAFEKEEPING

#8 On 8/12/20 At approximately 2120 hrs I was working the on going protests in downtown Portland. I was assigned to the Redacted Our task that night was to look for people bring weapons, shields, and other dangerous items into the protest area.

Our Detail was investigating a suspicious van parked in front Central Precinct when a small group of demonstrators walked up behind us. I noticed one of the demonstrators, a white female, was holding a hockey stick. She had no other hockey equipment and did not appear to be attending any kind of sporting event. I contacted her and told her per city code I was going to be taking the hockey stick for safekeeping. She surrendered the hockey stick without incident.

I asked the female for her information so I could fill out property receipt and she could get her property back later. The female was not cooperative and would only tell me her name was Carson Viggiano. She would not give me her date of birth or any other information. She also would not provide any form of identification so I could confirm her identity. I told the female it would be difficult to get her property back to her if she did not provide her information for a property receipt. The female continued to refuse to provide her information.

I filled out a property receipt with the minimal information provided and gave her a copy.

Since I am on a motorcycle and not able to transport property our instructions from the IC were to leave weapons in the Central Precinct Lobby for pick up. Per these instructions I left the hockey in the Central Precinct Lobby to be picked up.

Nothing further.

SUBJECT
RIOTS IN DOWNTOWN PORTLAND

On this date I was assigned to the East Precinct mobile field force assisting protest operations at the core of downtown Portland. From the beginning of the protest multiple subjects began committing crimes such as criminal mischief and disorderly conduct. Within minutes assembly was declared an "unlawful assembly" by the incident commander, and as a mobile field force we were tasked with making arrests of those who were committing crimes and refusing to leave the area.

Upon arrival to the line we started talking bottles, eggs, rocks, and other projectiles. Protesters were screaming, "fuck you" and were refusing to leave the streets. Multiples warnings of dispersal were given by the Sound Truck but rioters ignored all warnings and continued to throw projectiles from the middle of the street. Multiple officers were hit by eggs and rocks and two officers were peppered sprayed by multiple protesters. At the intersection of Park and Main I noticed 4 to 5 officers struggling to control a male subject dressed in white.

The subject managed to grab a PR 24 from an officer and other officers were making attempts to control him. After a few seconds of struggle the subject was on the ground and the PR 24 taken from him. I placed my weight on the subject as other officers moved in for handcuffing. The subject was no longer resisting when I had my weight on him. Nothing further.

SUBJECT
NARRATIVE

On August 12, 2020 I was assigned to RRT Delta squad fof the ongoing protests since the death of George Floyd. I have been on RRT for more than 6 years and have been a certified grenadier for more than 2 years.

Tonight we had received information that there were protesters gathered around the area of the Justice Center. These protesters did not appear to be a peaceful group as they arrived wearing helmets, masks, and other personal protective gear. Many in the crowd were also carrying shields and umbrellas which is a common tactic that they have been deploying for months. Many of the protesters were dressed in Black Bloc attire which is typically all black clothing. In addition to the anarchist type crowd which most of this group appeared to be, I observed many people dressed in different attire that had the words "press", "media" or "legal observer" on them. Our squad was initially staged out of the area but had been moved closer to downtown because there appeared to be some building energy within the crowd.

We had received information that some unknown , possibly biohazard material had been thrown on the front door of Central Precinct. Portland Fire was called to come in and clean the front area of the Precinct to make the entrance safe to use again. A short time later protesters began lighting fires, throwing mortars at the Federal Courthouse and blocking the streets on SW 2nd avenue, SW Main street and SW 3rd avenue. In addition to all of these things there were MCSO employees that were trying to get out of the building to go home but were being followed by protesters into the parking. Other employees were stuck inside an elevator and the elevator repairman needed to be able to access the building but the roadway was blocked. For these reasons our squad was brought in to assist with clearing the streets.

As we rolled into the area I heard the sound truck give unlawful assembly announcements directing people to leave the area. In addition I heard force warnings given but it did not appear to have any effect on the crowd. I observed about 400 people standing in the street blocking traffic. Many in the front of the crowd of protesters were holding shields, umbrellas, or other reinforced items. I know based upon previous protests that these shields are frequently used to create a human wall in an effort to prevent our squad from moving the crowd of protesters. These tactics are also frequently deployed to protect the main agitators in the back of the crowd who are responsible for throwing or launching projectiles or shining lasers at out police line. From the moment we arrived the protesters appeared very hostile and appeared intent on fighting with the police. Protesters were wearing helmets, goggles, masks, padding, and were carrying

heavy backpacks, shields and skateboards. In addition to the protesters, instead of standing on the sidewalk as required there were several people in the crowd standing in the street who were holding cameras and wearing what appeared to be press badges or other home made lanyards declaring them as the press or media.

Despite the unlawful assembly dispersal orders from the sound truck to leave I did not observe any protesters walking away from the group following the directions of the sound truck. This appeared to be a committed group of protesters willing to engage in violence against the police as they have done for the last several weeks. In the crowd of protesters I observed several people who have been out in the group day after day protesting and engaging in criminal behavior.

As we arrived in the area and began to walk towards the crowd I observed projectiles being thrown at us almost immediately without provocation. These included water bottles, paint filled balloons and eggs. Rather than dispersing from the area it appeared that they were reinforcing their line of shield bearing protesters in the front in an effort to withstand our forward progression. This was a very hostile crowd who appeared willing to engage in violence against the police. In addition to the protesters, there were also a few support vehicles nearby that were also a factor as we started moving the crowd.

As we were moving the crowd westbound on SW Main street between SW 4th and SW 5th avenues I observed that there was a large yellow box truck dubbed the "Timbers Army No Pity Van" that had positioned itself in the crowd of protesters. The truck had positioned itself to create a barrier between us and the protesters as it was rolling along with the crowd of protesters as we were trying to move them. By this point in time a riot had been declared and several projectiles had been thrown at officers. I observed that the roll up door of the box portion of the truck was also ajar 6 to 12 inches and it is believed that supplies were being provided to protesters from the rear of the truck. This type of behavior creates a risk to both the protesters walking in front of the vehicle and also to officers following the vehicles.

In an effort to stop the vehicle and keep it from rolling with the crowd for the safety of everybody in the area I took a small team with me and ran up to the box truck. As I ran towards the truck to disable it there were a couple of protesters in front of me who began running westbound. Another one threw his hands up as if he believed I was going to assault him. After the protesters had moved away from me I punctured the left rear outside tire. Because the vehicle was a "dually" and had two rear tires on each side I ran up and also punctured the left front tire so the truck would be immobilized. The team that approached with me covered me from the nearby protesters while I immobilized the truck. I then punctured the right front tire to bring the truck to a stop. At the time I punctured the tires I did not have spike strips available because they were with our vehicle a couple of blocks away. I have also observed that spike strips at low speeds are ineffective as vehicles frequently roll over the strips without flattening the tires. I also felt the need to get the vehicle stopped urgently due to the risk created by a vehicle driving in a crowd of people.

There is nothing further at this time.

SUBJECT
SOUND TRUCK

On August 12, 2020 I was assigned to the Sound Truck as the Scribe. Sgt. Yakots #48158 gave the announcements and Officer Hubert #28376 drove the sound truck.

At 2318 the sound truck was facing west bound on Southwest Main Street at Southwest 1st Avenue. The following announcement was given 3 times:

"This is the Portland Police. We know there are people in the crowd who do not want violence or vandalism to occur. Please know there are people in the crowd who are engaged in criminal activity. Fireworks and Fires are being set around the Federal Courthouse Building. This criminal behavior must stop now."

As the announcement was being given green lasers were shone in our eyes.

At 2330 the sound truck was facing north bound on Southwest 2nd Avenue at Southwest Columbia Street. The following announcement was given 3 times:

"This is the Portland Police. To those outside the Justice Center: This gathering has been declared an unlawful assembly. All persons near the Justice Center need to leave by traveling to the north and west. You are ordered to disperse immediately. Failure to comply with this order may subject you to citation or arrest, and may subject you to the use of tear gas, crowd control agents, and or impact weapons."

As the announcement was being given green lights were shone in our eyes.

At 2342 the sound truck was facing north bound on Southwest 2nd Avenue at Southwest Madison Street. It was announced 3 times:

"You need to disperse from the area, This is still an unlawful assembly. Move to the west or the north, failure to do so could result in arrest or citation. Move north now, this is still an unlawful assembly, move north now."

At 2345 the sound truck was facing west bound on Southwest Main street at Southwest 3td Avenue. It was announced 9 times:

"This is still an unlawful assembly, you are subject to use of force if you remain. Move to the north or to the west keep dispersing from the area."

At 2348 the sound truck was facing north bound on Southwest 3rd Avenue at Southwest Salmon Street. It was announced 4 times:

"Officer are taking lawful action, do not interfere, stay on the sidewalk."

At 2349 the sound truck was facing north bound on southwest 3rd Avenue at Southwest Taylor Street. It was announced 3 times:

"This is still an unlawful assembly, you are subject to citation, disperse from the area, move to the north or west now."

At 2351 the sound truck was facing west bound on Southwest 3rd Avenue just north of Southwest Taylor Street. It was announced 3 times:

"Disperse from the area, stay on the sidewalk, clear the street, move north."

At 2353 the sound truck was facing north bound on Southwest 3rd Avenue just south of Yamhill Street. It was announced 3 times:

"This is the Portland Police. This gathering is still an unlawful assembly. You need to leave by traveling to the north. You are ordered to disperse immediately. Failure to comply with this order may subject you to citation or arrest, and may subject you to the use of tear gas, crowd control agents, and or impact weapons."

While this was being announced officers and the sound truck, took projectiles, mortars, and fireworks.

At 2356 the sound truck was facing west bound on Southwest Yamhill Street just west of Southwest 3rd Avenue. It was announced 3 times:

"Move, move now, move to the north or the west."

At 2358 the sound truck was facing west bound on southwest Yamhill Street just east of Southwest 4th Avenue. The announcement was given 4 times:

"To those in the area, This gathering has been declared a Riot. All persons near The Justice Center need to leave by traveling to the west. You are ordered

to disperse immediately. Failure to comply with this order may subject you to citation or arrest, and may subject you to the use of tear gas, crowd control agents, and or impact weapons."

At 0009 the sound truck was facing west bound on Southwest Main Street at Southwest 2nd Avenue. The announcement was given 2 time:

"To those in the area, This gathering has been declared a Riot. All persons near The Justice Center need to leave by traveling to the west. You are ordered to disperse immediately. Failure to comply with this order may subject you to citation or arrest, and may subject you to the use of tear gas, crowd control agents, and or impact weapons."

At 0011 the sound truck was facing west bound on Southwest Main Street at Southwest 2nd Avenue. The announcement was given 2 times:

"To those in the area, This gathering has been declared a Riot. All persons near The Justice Center need to leave by traveling to the west. You are ordered to disperse immediately. Failure to comply with this order will subject you to citation or arrest, and will subject you to the use of tear gas, crowd control agents, and or impact weapons."

At 0015 the sound truck was facing west bound on Southwest Main Street at Southwest 2nd Avenue. It was announced 3 times:

"Tear gas is being used, disperse from the area now."

At 0017 the sound truck was facing west bound on Southwest Main Street at Southwest 3rd Avenue. It was announced 4 times:

"Continue dispersing from the area, leave the area now."

At 0020 the sound truck was facing west bound on Southwest Main Street traveling from Southwest 4th Avenue to Broadway. It was announced 7 times:

"This event has been declared a riot, move to the west, you are ordered to disperse now. Keep moving west."

The crowd throw eggs, motors, balloons filled with paint, metal pipes, and chanted "your mama hate you" "All cops are bastards." Green lasers were shone in officers eyes.

At 0034 the sound truck was facing west bound on Southwest Main Street, moving from Southwest Broadway to Southwest 10th Avenue. It was announced 5 times:

"This event is still a riot, you need to disperse. Move to the west. Continue moving west, stay on the sidewalks.

At the same location it was announced 3 times:

"Officers are taking lawful action, do not interfere."

At 0045 the sound truck was facing west bound on Southwest Main Street traveling west from Southwest 2nd Avenue to Southwest 5th Avenue. It was announced 5 times:

"This event is still a riot, you are ordered to disperse from the area of the Justice Center. Move west now."

At 0050 the sound truck was facing westbound on Southwest Main Street at Southwest 5th Avenue. It was announced 2 times:

"Continue moving west, continue moving west, disperse from the area."

By about 0230 the group dispersed.

SUBJECT
OFFICER OBSERVATIONS

On the operational period starting on Wednesday 08/12/2020, I made several observations regarding the protesters that were not related to my FDCR. This report is to document those observations within the crowd of protesters.

While walking to the intersection of SW 3rd Ave / SW Yamhill St, our squad was facing to the north and slightly west. I felt an egg hit the right side of my load bearing vest and saw the inside of the egg all over my uniform. Also, in this same area, as held momentarily at this intersection, a paint filled balloon, struck and exploded on the left side of my helmet. The paint completely covered my face shield and without my glasses underneath, would have dripped into my eyes. I was not able to wipe off the paint, but had to place my shield in the open position and see through my glasses that had less paint on them. Operating with my shield in the up position is a safety concern due to the amount of projectiles which had been directed at us from protesters. The face shield protests an Officer's eyes from dangerous content and projectiles. I did not see who threw the balloon with paint. The Officer to my right, was also exposed to the paint on his person.

While in this same location, there was also a mortar thrown towards our line by the protesters, which exploded and was extremely loud. This has been a continued tactic and presents a life safety danger as well due to the explosive nature. The manner in which these mortars are being used appears to be targeted at harming Officers. The concussion of the noise can be damaging to ears due to the proximity to a person.

At approximately 0028 hours, while at SW Park Ave / SW Main St, our line was facing westbound and I could see a subject projecting a green laser towards Officers' face shields. I could see the pin point of origin on the property of the Art Museum, near the southside of the property. I quietly moved away from the line and south on the east sidewalk of SW Park Ave, just south of SW Main St. The only crowd which was gathered on the southeast corner of this intersection were individuals marked as press, with a blue ACLU vest, and/or subjects wearing a lime green National Lawyers Guild hat. As I moved off line, I saw a shorter (approx. 5'2" - 5'3") white male, with an average to stocky build, wearing a black shirt, jeans, a black tactile style external vest and a walkie talkie affixed to his chest emerge from the group of presumed press and mirror my movement to the south.

I was making observations regarding the subject who was still aggressively using the laser pointer towards Officers. I went to point my FN303 to see if I was able to see the subject with the laser pointer to engage them, when the male subject in the tactical vest stepped directly in front of my launcher and had a phone held in his hand pointed at me. I ignored the person and made efforts to reacquire the laser pointer when the same subject then began to stand on his tip toes and move side to side to obstruct my field of vision. This subject and I were the only two in this area of the sidewalk so I had no other reason than to believe that his sole intention was to disturb and interfere with my duties. I made a quick forward movement toward the male and told him to move. The male subject quickly cowered and scurried away from the area I was standing. I did not see the laser pointer activated any longer and joined the line of Officers again. I noted the same male subject chose to mirror my position again. He rejoined the same press and legal observer group from moments before. I was not certain why, but believed this person was targeting me for an unknown reason. At this point, I believed this subject was trying to identify as a member of the press group. Due to his aggressive tactics, I attempted to take a picture of him with my Bureau issued cell phone to document his identity for further use, if needed. As soon as I took my phone out and directed it at him, specifically, I noted he ran off.

Upon further review of my pictures, they were not in focus or were blurred by movement, therefore, I did not successfully capture a picture of this person. The photographs were uploaded to DIMS.

I also observed a subject in all black, in the back of the crowd, throwing smoke towards the line of Officers. It appeared to be one of the munitions expended from the 40mm launcher platform. The subject was too far away, as well as had too many subjects in front of him, to be able to safely engage him with an impact munition.

Krystopher DONNELLY was observed in the area of SW 3rd Ave / SW Yamhill St. I recognized him by sight from the previous unlawful assembly and riots near East Precinct. He was walking in the street and failing to follow the lawful order to disperse when tonight's gathering was labeled an unlawful assembly and then riot. DONNELLY was also seen by Ofc Barth at SW Park Ave / SW Main St engage in similar behaviors.

Refer to other Officer reports for additional information about this operational period.

An injury log was completed for all noted physical contact.

Nothing further at this time.

SUBJECT
OBSERVATIONS MADE AT PROTEST

Narrative:

On Wednesday, August 12th, I was assigned to be pathfinder for the Oregon State Police MRT. My duties as pathfinder is to help them navigate to specific locations where protesters are engaging in criminal conduct.

The protesters were fixated towards the Justice Center/Central Precinct.

The protesters were blocking traffic on SW 3rd Ave, along the 2 parks (Chapman Square and Lownsdale Square). There were several people from the crowd who moved to the front of Central Precinct (1111 SW 2nd Ave) and dumped some unidentified liquid at the front doors that were off of SW 2nd Ave. Additional people from the crowd shifted to the front of Central Precinct and shortly after, the crown took over all of SW 2nd Ave, blocking all lanes of traffic.

OSP Troopers were asked to move in to assist RRT with guiding the group north from SW Main St as RRT was moving the crowd to re-open traffic. The OSP troopers got into a line on SW Main St, on the south side of the street.

I made the following observations while watching them from about 15 feet back:

A large crowd of the protesters were moving west on SW Main St from SW 2nd Ave. As they were approaching towards the troopers, they yelled and pointed for the crowd to move to the north.

There were people within the crowd with "press" marked on their helmet that got up in the trooper's faces, yelling at them and pushing them. There was about 2-3 people who stood out to me that were on the northwest corner of the intersection. At least one of them had "press" marked on their helmet and they were shoving the troopers back.

While they continued to stand there, they took water bottles (glass and plastic), raw eggs, and rocks from people who were within the crowd. There were at least two mortar launched towards them and 2 smoke bombs that were deployed.

During the escort to guide the crowd west and telling them to disperse, the troopers and RRT officers took additional impact objects. There were people standing behind the group pointing a green laser at the officer's eyes.

While we were in the vans following the Troopers and RRT who were moving the crowd, there were several people from the crowd that purposely stood in front of the van stopping it from moving forward. I noticed at least two people, one being a female with "press" on her helmet and a small tag with "press" written on it around her neck. They were yelling at the RRT driver and refused to move even though he had his police lights on and honked his horn several times.

I had to get out of the van and tell the two people blocking the van to move onto the sidewalk so that he could get around them. There were additional protesters who joined these two who were irate and yelled "fuck you pigs" and all sorts of obscenities.

After we were cleared from that area, I later learned that multiple officers were injured. At least two officers were pepper sprayed from people within the crowd and one Trooper took a large rock to the head that was the size of two baseballs together.

Aside from the injuries, additional Troopers picked up black metal batons that were thrown at them.

Photos were taken and later entered into DIMS.

These were observations I made during the protest on 8/12/20.

Nothing further at this time.
