SUBJECT
ASSAULT III

On this date I was in assigned uniform, driving in a marked patrol vehicle when I self dispatched to an Assault call where the caller was requesting contact via phone due to being in Vancouver, Washington currently.

I contacted reporting party and victim Anthony Bartell via work phone. Bartell stated that on 8/29/2020 around 8 PM he was in front of the Rosenbaum Plaza Apartments 1218 SW Washington Street in Portland, Oregon video recording the protest vehicle parade with his cell phone. Bartell was solely there to be at the protest events. Bartell was video recording the multiple vehicles license plates in the parade event due to the occupants hanging out of the vehicles or as he described "not wearing their seat belts. I told Bartell that is a traffic violation. Bartell admitted to being in the streets when he was doing these acts so that he could get "good documentation."

Bartell stated that he was video recording a white GMC with Oregon plate 784MGD when the driver saw that he was recording. Bartell stated that a male driver in his late 20s to early 30s got out of the vehicle and approached him. Bartell stated that they "exchanged some words," and the male requested that he delete the video. Bartell refused to delete it and the male driver attempted to knock he phone out of Bartell's hands. Bartell stated that the passenger in the vehicle then got out and was able to knock the phone out of his hand. When Bartell gets down to try to pick up the phone, he says that the males try to kick it farther away. Bartell believed that they were trying to steal the phone although they did not take it.

Bartell thought that the males were going to rob him, therefore he went to "detain the male physically" for hitting his phone out of his hands. Once Bartell made contact with the male passenger, the male quickly punched Bartell two times in the face while Bartell's arms were still around his waist. Bartell stated that the driver pushed him to the ground. Bartell got up and started walking from the group. Bartell stated that a third male (possibly in the back seat) ran up quickly from behind him and punched him in the head. Bartell said that he was knocked to the ground and was unconcious for a bit. Bartell remembers waking up and a group of people had carried him out of the street area.

Bartell did seek medical attention around midnight that night from the incidient due to him loosing conciousness.

Bartell's sterling silver chain necklace was missing but cannot confirm that the males took it or that it fell off during the altercation. Bartell believes that he can positively identify the males if seen again. I would need to do a photo throw down with Bartell and the registered owner of the vehicle for a possible ID. Bartell also stated that he had some video of the altercation. I told him I would need that as evidence as well. I provided Bartell this incident number and

my contact information to set up a time within the next two days to obtain the video evidence and photo throw down at the precinct.

Bartell did not call the police until now regarding this incident but he was unsure if anyone else reported it from yesterday during the protest.

I will be doing follow up with him in the next couple days when he contacts me.

End Report.

PHOTO LINE UP

On this date I met with victim Anthony Bartell at Central Precinct to collect video evidence from this incident and for him to complete a phone line up. I obtained Bartell's video evidence via my flash drive and that was later turned into FED to extract it.

I created the photo line up. I had Officer Arnold complete the photo line up with Bartell. Officer Arnold knew nothing about this case nor did he know the possible suspect. Officer Arnold completed the line up and Bartell was unable to identify any of the photos presented.

The order the folders were presented in were as followed: 5,6,2,4,1,3. The registered owner of the suspect vehicle on file was [redacted]. [redacted] photo was in the #4 folder. No selection was made by Bartell. I lodged the photo line up folders into Central Property as evidence (A145215).

Bartell was able to give me additional photos of the male suspects from the vehicle. I later uploaded those into DIMS as evidence. At this time, I was unable to identify any suspects involved in this incident.

End Report.
