Radio call to SE 33rd Pl/SE Powell Blvd regarding a disturbance. Per the call there was an open line with people cursing and yelling. Dispatch then advised that a vehicle tried to drive through a group of protesters and the vehicle is now parked at the Plaid Pantry with slashed tires.

We made a plan to meet at SE 33rd/SE Francis St and go in together because of the large group of angry protesters. We walked in and noticed a heavily damaged vehicle parked in the middle of the lot unoccupied. A female protester told us the driver of the vehicle was inside the Plaid Pantry. We went inside and contacted the driver, later identified as WARRINGTON. We asked WARRINGTON to come outside the store and talk with us. WARRINGTON complied and was cooperative.

WARRINGTON told me he was driving WB on SE Powell Blvd at SE 33rd to pick up an order for UBER Eats when he observed a large group of protesters blocking the East and West bound lanes of Powell Blvd for a march. WARRINGTON stated he stopped his vehicle and started to back up when several angry protesters began throwing items at his vehicle. WARRINGTON stated as he got turned around and began traveling EB, protesters smashed out his rear and front windows. WARRINGTON stated as he continued EB, protesters followed him on bikes and slashed all four tires. WARRINGTON stated protesters were yelling at him that he tried to run them over. WARRINGTON stated he was scared of the large group of angry protesters and pulled over into the Plaid Pantry parking lot for help.

WARRINGTON stated he did not hit anyone but was told he ran over an electric scooter which we did locate next to his parked vehicle. The vehicle was not drivable and I ordered a tow. We were not able to locate a victim for the electric scooter.

Ofc Martinuic interviewed several witnesses, recovered video of the incident and took pictures of the vehicle.

The group of protesters were very angry at Police for not arresting WARRINGTON and Sgt Robinson did a good job at deescalating the group. We gave out several business cards and "badge numbers" to whoever requested it. We advised the group we would document the incident and refer the case to the DA's office for review. The protesters were not happy with that decision and became verbally abusive.

See Ofc Martinuic's report for additional.

WITNESS STATEMENT

On 06/14/2020 at 2033 hours, I called WI DORMAN at her request (via MDT/ from dispatch, routed to me by Sgt. Robinson)

DORMAN told me the following:

DORMAN told me she wanted to have her statement documented about the events from the night before at SE 33rd Ave./ SE Powell Blvd. DORMAN told me she was a direct witness to the driver of the green Suzuki which came through the line of protesters at the location.

DORMAN told she was very upset, and very uncomfortable over how the incident was portrayed on Twitter (on the Portland Police feed,) and wanted to inform us of what she had witnessed.

DORMAN told me she was on the sidewalk near the location at about 2045 hours, maybe 2100 hours, and heard people began to scream. DORMAN told me she looked over and saw the driver of the Suzuki did not stop at the intersection of SE 33rd Ave/ SE Powell Blvd. where a group of about 10-20 people were gathered around the intersection with their bicycles in order to re-route traffic away from the large crowd which was at about SE 31st Ave.

DORMAN told me the group was directing traffic either N/B onto SE 33rd Ave., or S/B onto 33rd.

DORMAN told me she did not know the exact number of people who had bicycles with them but estimated about two people were without bicycles/ and were part of the group who was directing traffic away.

DORMAN told me the driver aggressively drove through the line at SE 33rd Ave., and people had to jump out of the way to not get hit. DORMAN told me the driver was dragging a motorized single wheel under his vehicle at some point.

DORMAN told me she saw the driver was still moving after driving through the line of people with bicycles, and people ran from their bicycles to try and catch up

with the driver. DORMAN told me the driver was doing about 10-15 mph, and slowed down eventually.

DORMAN told me people were yelling at the driver to stop, the driver slowed down but was still moving forward. DORMAN told me a male came up to the driver and yelled at him: "I'll get you out of here." while others started hitting his windows to get him to stop.

DORMAN told me the driver "guns it" at one point and agressively turned around, and crossed over to the Motel 6 side. DORMAN told me she saw protesters were hitting the vehicle, and flattened his tires which eventually turned the driver around.

DORMAN told me she wanted it noted that people had to jump out of the driver's way, and she believed the driver went through a crowd of people with intent to hurt people, which caused a reaction from the crowd.

End of DORMAN's statement.

I provided DORMAN with a case number and my information, and informed her I would document her statement.

No further information at this time.

WITNESS STATEMENTS

On 06/13/2020 at 2048 hours, I assisted Ofc. Pahlke with a vandalism incident where the driver of a green color Suzuki drove pass the protesters scouts blocking SE Powell Blvd./ at SE 33rd Ave. and was surrounded by protesters. The driver's vehicle was vandalized in the incident.

I interviewed two witnesses on scene (WI LIPETZKY, and WI PRIGG.)

LIPETZKY told me the driver passed a small group of protesters who were trying to direct traffic away from SE Powell Bvld./ SE 33rd Ave. where the crowd had gathered. LIPETZKY told me the driver, at most, raved his engine, but did not appear to intentionally try to run anyone over. LIPETZKY told me the driver performed a U-turn to try, and get away from the crowd, while people in the crowd were hitting his vehicle with whatever they had. LIPETZKY told a protester slashed the vehicle's tires; the driver managed to turn his vehicle around and drove into the Plaid Pantry parking lot. LIPETZKY told me he followed the driver to the store, and protected the driver from being assaulted.

End of LIPETZKY's statement.

I spoke with WI PRIGG; PRIGG told me he had the incident recorded. I asked PRIGG to e-mail me the video, which he did.

I uploaded the video link/ sent the link to DIMS via e-mail.

I took photos of the vehicle and uploaded the photos into DIMS.

WITNESS STATEMENT

On June 15, 2020, ANNIE GEROW called dispatched wanting to give a statement on an event she witnessed at the protest on Saturday, 6/13. Dispatch forwarded me the message and I called GEROW.

She told me that she had been riding her bike with a friend on Saturday and joined the protest. She was among several people that were using their bikes to re-direct traffic off of SE Powell Boulevard where protesters were marching. GEROW stated she was at SE 33rd Avenue and Powell when a dark green vehicle, possibly a Subaru Outback, drove westbound around their barricade. The vehicle continued westbound and into the protesters. The car stopped and was surrounded by protesters, but then gunned the engine. GEROW stated the vehicle did not hit any protesters, but did run over a bike and a monowheel. GEROW said the protesters slashed the vehicle's tires in an attempt to get it to stop. The vehicle turned around and drove eastbound on SE Powell. It pulled into the Plaid Pantry parking lot and the driver went inside. GEROW told me the police were called and talked with the driver.

UNICYCLE OWNER STATEMENT

Officer Austin Shouman, 60434, partner;

On 6/19/20, I called Kelly Orthel in response to the police call she set up in order to give her statement for what happened during this incident on 6/13/20:

ASKING FOR CALL, NOT HERE NOW. COMP WAS STRUCK BY THE VEH INVOLVED IN LINKED DIST. WANTS TO REPORT. COMP'S PHONE SOMETIMES DOESNT RING IF BLOCKED NUMBER CALLS. ASKING TO CALL A 2ND TIME IF NO ANSWER.

Orthel told me that on 6/13/20 she was with a group of approximately 15 people on bicycles or unicycles, blocking vehicular traffic westbound on SE Powell Blvd at approximately SE 33rd Ave. Orthel was on her electric unicycle. Orthel said she and the people with her were doing this to protect marching pedestrians on SE Powell Blvd from cars.

Orthel said she directed cars that approached their barricade line to detour north or south to avoid the march. Orthel said most drivers were receptive to this until a man driving a green Suzuki station wagon (OR/972JFT) approached her barricade. Orthel said the driver revved the engine of the Suzuki and swerved into the wrong side of the street and drove rapidly past their barricade line and drove towards the march.

Orthel said when this happened, two bicyclists were "clipped" and Orthel had to jump off her unicycle or be run over. Orthel's unicycle wound up stuck underneath the Suzuki and was drug underneath of it as the Suzuki proceeded west and then turned around and headed east, and then turned around again, and then wound up at the Plaid Pantry, parked, where police later arrived.

Orthel said she recovered her unicycle from underneath the Suzuki at the Plaid Pantry and it was heavily damaged.

The Suzuki and the driver of the Suzuki are already listed as entities in the GO for this case number.

Orthel said she was unable to speak to police at the time of the incident because her adrenaline was high and she felt like she survived almost dying and wasn't in a state of mind to make a report.

Orthel told me she had already spoken to the District Attorney's office and just needed her statement added to the original police report in order to continue her follow up with the DA's office. I obliged her and offered her the DA's office number but she said she already had it.
